Born Again - What It Really Means Larry Gallamore, 2012-11 This book is about what it really means to be born again To many people the term born again means a one time Christian experience of accepting Jesus as Lord and Savior However we argue that being born again has a broader meaning including learning how to really live every day of our lives Today's world is at a critical juncture In the past few years we have witnessed a global economy that is out of control Governments spend more than they have people are losing their homes to foreclosure businesses close because they are unable to pay their employees and people are out of work and search for months to find a job which often barely pays them a living wage They lose their self esteem and motivation to even look for work Our whole nation and world is in need of being born again but not just in a religious sense The teachings of Jesus and other spiritual leaders tell us that we are individually responsible for our lives The answers to all life's problems are found within ourselves The kingdom of God is within This means that there is a spark of the divine found within each person To be truly born again means to live in harmony with the laws of the universe We must take responsibility for our own thoughts attitudes and actions Utilizing the teachings of great spiritual teachers we will focus on building each other up and the destructive values such as greed power control and jealousy will be transformed into values of love cooperation understanding and compassion This is the real meaning of being born again

Liturgical Theology Simon Chan, 2006-07-12 Evangelicals Simon Chan argues are confused about the meaning and purpose of the church in part because they have an inadequate understanding of Christian worship He calls evangelicals to develop a theology of worship that is grounded in a theology of the church He guides the reader through worship practices and their significance for theology spirituality and the renewal of evangelicalism in the postmodern era

Life's a Joke So Why Not Tell One Kerri G. Odom, 2000-12 The book is all jokes and they are adult based The jokes range from hunting to sex to doctors and lawyers you name it it's in there Some of the jokes are just plain dirty but others are clean and funny Each chapter is based on the name like HUNTING is just about hunting jokes and so on

Upside Down Verses Right Side Up Steven Allen, 2018-08-07 This is a book written out of an observation of the great need for God's full truth to be proclaimed as never before The word of God the Bible His truth is not matching the lifestyles of many proclaiming Christians today as we see the end draw near to that promised land The Lord God has opened my mind

up to so many pertinent issues of today Not in judgment but in need of checking our short accounts before the Lord God Almighty God has a schedule and though Satan does not know the hour or the day just as we do not he knows the seasons and is in full attack mode to deceive and destroy As this world seems to be spinning out of control with everything it seems running at warp speed God has never been out of control and never will be We need like never before to fix our eyes on Him and His word of truth if we are to survive in the chaos of today Record number of young adults are today leaving the church and it s easy to see why when you look at all the hypocrisy that they are seeing in reference to God s truth In how we are living our lives as if this world is our hope And to all the compromise of today It s important that we don t take observation as judgment but that we examine our lives unto the full word of God Not to just live in a form of legalism and rules but living in the grace of God and living that grace out not taking advantage of that grace It should never be about judgment but encouragement to running the race as to win the prize This is my motivation Complacency in living in half truth is not truth at all

Not the Way It's Supposed to Be Cornelius Plantinga, 1996-02-06 This timely book retrieves an old awareness that has slipped and changed in recent decades The awareness of sin used to be our shadow Christians hated sin feared it fled from it and grieved over it But the shadow of sin has now dimmed in our consciousness Even preachers who once got visibly angry over a congregation s sin now speak of sin in a mumble Cornelius Plantinga pulls the ancient doctrine of sin out of mothballs and presents it to contemporary readers in clear language drawing from a wide range of books films and other cultural resources In smoothly flowing prose Plantinga describes how sin corrupts what is good and how such corruption spreads He discusses the parasitic quality of sin and the ironies and pretenses generated by this quality He examines the relation of sin to folly and addiction He describes two classic postures or movements of sin attack and flight And in an epilogue he reminds us that whatever we say about sin also sharpens our eye for the beauty of grace
