Crimes of the Educators Samuel Blumenfeld ,Alex Newman,2025-01-17 Utopian dictators like Stalin Hitler Pol Pot and Mao are criminals genocidal psychopaths who have killed more human beings in the last hundred years than any other ideologues in history They don t limit their murder to individuals but to entire nations In the United States another form of utopians the progressives have tried to destroy traditional America by strategically dumbing down her people America s future is being crippled on purpose in order to fundamentally transform the nation its values and its system of government Laid out a century ago by progressive luminary John Dewey the fruits of his schemes are plain to see today Dewey got rid of the traditional intensive phonics method of instruction and imposed a look say sight or whole word method that forces children to read English as if it were Chinese The method is widely used in today s public schools which is a major reason there are so many failing public schools that cannot teach children the basics This can only be considered a blatant form of child abuse American author and veteran educator Samuel Blumenfeld and journalist Alex

Newman have taken on the public education establishment as never before and exposed it for the de facto criminal enterprise it is Crimes of the Educators reveals how the architects of America's public school disaster implemented a plan to socialize the United States by knowingly and willingly dumbing down the population a mission closer to success than ever as the Obama administration works relentlessly to nationalize K 12 schooling with Common Core The whole word method of teaching children to read introduced by John Dewey and colleagues in the early twentieth century and which permeates Common Core is a significant cause of dyslexia among students Public education's war against religion the great American math disaster promotion of death education and the government's plan to lower standards for all so no one is left behind is destroying the logic reasoning and overall educational prowess of America's next generation According to the Program for International Student Assessment which collects test results from 65 countries for its rankings In reading students in 19 other locales scored higher than U S students In science 22 education systems scored above the U S In mathematics 29 nations and other jurisdictions outperformed the United States Journalist Henry Mencken said it best in 1924 when he wrote that the aim of public education is to reduce as many individuals as possible to the same safe level to breed and train a standardized citizenry to put down dissent and originality It is time to hold the Department of Education accountable for the crimes of the educators

Urban Education, Approaches that Work United States. Congress. House. Committee on Small Business. Subcommittee on Empowerment, 1998 A hearing was held before the Subcommittee on Empowerment of the House Committee on Small Business to build a record of a lot of things that are working in urban education in high risk zones In his opening remarks Representative Souder Indiana noted that there is no question but that the best way to combat unemployment and the problems that flow from it is to provide people with the best possible training For most of the work force training begins in school Strengthening basic skills is not exclusively an urban problem but it is one that is of particular concern in the cities The purpose of this hearing was not why so many schools are failing but why some succeed Five educators who run successful urban schools appeared at the hearing to explain why their schools work Thaddeus S Lott Sr principal of a charter school district in Houston Texas described the experiences of a successful elementary school that used an intensive reading program beginning in kindergarten and direct instruction to raise academic achievement Vera White principal of a junior high school in the District of Columbia achieved academic success with a program that focused on student learning and high expectations and that was supported in a partnership with COMSAT Comments by hearing participants follow these statements In the second panel discussion of the hearing Oscar J Underwood headmaster of a Christian college preparatory school Indiana spoke about the importance of the educational environment and teacher attitudes Leah White administrator of an urban Christian school Maryland noted the importance of promoting parent participation and the importance of an atmosphere focused on learning William Elliott headmaster of a Christian academy in Philadelphia Pennsylvania emphasized the importance of good relationships between teachers and students and the

importance of accountability and high standards Comments from panelists completed the hearing An appendix contains the prepared statements of the panelists and a letter from Governor George Bush Texas about Dr Lott s Houston school SLD
