The Anthropocene Cookbook Zane Cerpina, Stahl Stenslie, 2022-10-18 More than sixty speculative art and design projects explore how art food and creative thinking can prepare us for future catastrophes In the Age of the Anthropocene an era characterized by human caused climate disaster catastrophes and dystopias loom The Anthropocene Cookbook takes our planetary state of emergency as an opportunity to seize the moment to imagine constructive change and new ideas How can we survive in an age of constant environmental crises How can we thrive The Anthropocene Cookbook answers these questions by presenting a series of investigative art and design projects that explore how art food and creative thinking can prepare us for future catastrophes This cookbook of ideas rethinks our eating habits and traditions challenges our food taboos and proposes new recipes for humanity s survival These more than sixty projects propose new ways to think and make food offering tools for creative action rather than traditional recipes They imagine modifying the human body to digest cellulose turning plastic into food tasting smog extracting spices and medicines from sewage and growing meat in the lab They investigate provocative possibilities What if we made cheese using human bacteria enabled human photosynthesis through symbiosis with algae and brought back extinct species in order to eat them The projects are diverse in their creative approaches and their agendas multilayered multifaceted hybrid and cross pollinated The Anthropocene Cookbook offers a survival guide for a future gone rogue a road map to our edible futures , The Greatest Trivia Book Ever 1 Mitchell Symons, 2020-08-06 All my life I ve collected weird and wonderful facts Even before trivia was or should that be were invented I ve been obsessed with the pursuit of what you might call worthless knowledge Now after a lifetime s devotion to the cause I m proud to present to you my favourite facts of all time My greatest hits if you will Most of what you will read has been acquired organically from reading books magazines and newspapers However I am happy to acknowledge material culled from the internet which was where I first saw PROOF THAT HELL IS EXOTHERMIC and Hugh Gallagher s brilliant THE ULTIMATE COLLEGE APPLICATION I have tried to source and or get permission to use these wonderful items but to no avail However I m sure that their original authors would appreciate this wider audience Under Postcolonial Eyes Efraim Sicher, Linda Weinhouse, 2013-01-01 In the Western literary tradition the jew has long been a figure of ethnic exclusion and social isolation the wanderer the scapegoat the alien But it is no longer clear where a perennial outsider belongs This provocative study of contemporary British writing points to the figure of the jew as the litmus test of multicultural society Efraim Sicher and Linda Weinhouse examine the jew as a cultural construction distinct from the Jewishness of literary characters in novels by among others Salman Rushdie Anita Desai Doris Lessing Monica Ali Caryl Philips and Zadie Smith as well as contemporary art and film Here the image of the jew emerges in all its ambivalence from postcolonial migrant and modern everyman to more traditional representations of the conspirator and malefactor The multicultural discourses of ethnic and racial hybridity reflect dissolution of national and personal identities yet the search for transnational cultural

forms conceals both the acceptance of marginal South Asian Caribbean and Jewish voices as well as the danger of resurgent antisemitic tropes Innovative in its contextualization of the Jew in the multiculturalism debate in contemporary Britain Under Postcolonial Eyes Figuring the Jew in Contemporary British Writing analyzes the narrative of identities in a globalized culture and offers new interpretations of postmodern classics
