**Democracy and Education in Namibia and Beyond** Amukugo, Elizabeth M.,2017-07-19 The Namibian constitution makes full provision for education as a fundamental human right and freedom Three years into independence as part of the government s educational policy the Education for All Policy was launched as a stepping stone to free quality education However inequities have become widely pronounced within the Namibian educational system Democracy and Education in Namibia and beyond debates the education democracy nexus in Namibia and the southern African context It defines and explores the meaning of democracy and related concepts It also looks at what democracy means in the context of human rights and access to education The ten chapters in this collection interrogate the strengths and limitations of education as an instrument of social change and question whether or not the Namibian educational objectives and practices do develop and help to sustain a democratic culture in Namibia The authors in the collection have drawn material from their own teaching and research experience across the fields of education and social

science in Namibia and beyond and present their findings in a pedagogical framework suitable as a challenging text for tertiary students At a time when education is in crisis especially in South Africa where strident calls for free tertiary education and Africanisation of the curriculum are spreading like wildfire this book gives scholarly insight into the history and social conditions that gave rise to our current predicament **Namibia Review** ,1992 *Victoria College : A history revealed* Sahar Hamouda,Colin Clement,2002 This book is at once the history of a remarkable and fascinating phenomenon a British style public school rooted in Egyptian soil boasting such alumni as King Hussein of Jordan Omar Sharif and Edward Said and a reflection of the spirit of Alexandria during the first half of the twentieth century Its publication in October 2002 is timed to coincide with the school s centenary Victoria College Alexandria founded in October 1902 was named after the British queen Victoria who had died the year before It was the brainchild of a group of British businessmen who formed the nucleus of Alexandria s small British community Deliberately fashioned as an independent secular school open to anyone who could afford its fees it attracted the children both of the elite royalty diplomats magnates politicians landowners and of very ordinary people Its pupils came not only from all over Egypt but from the entire Middle East and beyond This immensely readable history is in the first place a book about and for the Old Victorians In a series of colorful sketches backed by plentiful quotation from documents in the school archives a series of engaging and distinguished characters come to life not least Victoria s first two headmasters C R Lias and his successor R W G Reed the two men whose enlightened vision and skillful leadership made the school what it was Yet at the same time this is a book whose appeal extends far beyond its immediate subject matter In the process of putting together the story of a school the authors have uncovered a wealth of material that will interest Middle East and postcolonial scholars as well as educationists social historians and students of human nature Educational Responsibilities of Libraries and Information Services in Namibia ,1995 Namibian Books in Print ,1996 *Books Out Loud* ,2007 **Namibia National Bibliography** ,1993 Whitaker's Books in Print ,1998 EXAM PAPERS C.P.E. 1990 ,1990 **Exam Papers Ll.
