Consumer Law & Protection: In the age of AI Dr. Anjali Dixit,2024-10-13 In an era defined by rapid technological advancements the interplay between consumer rights and artificial intelligence AI has never been more critical The digital landscape while offering unprecedented convenience and innovation also presents unique challenges to consumer protection that must be addressed with urgency and foresight This book Consumer Law Protection In the Age of AI aims to illuminate these complexities and provide a comprehensive framework for understanding consumer rights in this new age Our journey begins with an exploration of the international context and

benchmarks for consumer protection grounding our discussions in global practices and principles that transcend borders By recognizing consumer rights as a special category of human rights we highlight the intrinsic value of these rights in the broader spectrum of social justice Understanding the historical evolution of consumer protection in India serves as a crucial backdrop illustrating how cultural economic and legal contexts shape consumer rights We then delve into the specifics of consumer protection legislation focusing on the Consumer Protection Act and its implications for various sectors As we transition into the digital realm the chapters on e commerce e banking and e pharmacy expose the vulnerabilities and opportunities that come with online transactions emphasizing the necessity of robust protections in these rapidly growing industries The intersection of medical healthcare and consumer rights is particularly poignant as consumers navigate complex systems where the stakes are often life and death A significant portion of our discourse is dedicated to the impact of AI on consumer protection With algorithms influencing choices personalized marketing strategies and automated customer service we must critically assess how AI technologies can both enhance and undermine consumer rights Lastly our exploration of miscellaneous subjects related to consumer rights rounds out the discussion providing insights into important judgments that shape the landscape of consumer law This book is intended for legal scholars practitioners policymakers and consumers alike offering a nuanced understanding of the challenges and opportunities presented by AI in the realm of consumer protection It is our hope that by examining these interconnected themes we can contribute to a more informed and equitable future for consumers in the age of technology As we embark on this exploration we invite you to reflect on the evolving nature of consumer rights and the collective responsibility we share in safeguarding these essential protections Welcome to the dialogue let us navigate the complexities of consumer law together **Business Laws** Dr. Pankaj

Campbell,1997-09-17 The use of unfair trading practices constitutes a breach of the law against unfair competition The principle of freedom of competition is vital to any market Without it there exists no protection against large companies obtaining monopolies and then ruthlessly exercising market dominance The ability of other companies to freely compete with such entities is necessary to protect consumers from for example highly inflated prices On the other hand the right to compete must be tempered to avoid abuse by traders using unscrupulous methods to sell products or services Such misuse

also threatens to impede the businesses of others and breach the principle of fair competition This subject is particularly relevant in today s society where competition plays such an important role and new technologies such as the Internet provide more and more room for competition This special volume of the Comparative Law Yearbook of International Business addresses this important controversial subject It gives a country by country account of the provisions and procedures laid down in various jurisdictions worldwide Each contribution is provided by a leading practitioner in the area of competition law As a result Unfair Trading Practices is a useful tool for anyone having to deal with unfair acts in the course of trading
