Bio-Economy Charisios Achillas, Dionysis Bochtis, 2021-03-04 In recent years bioeconomy strategies have been implemented and adapted internationally In the bioeconomy materials are to a certain extent circular by nature However biomaterials may also be used in a rather linear way Lately a transition towards a circular economy a more restorative and regenerative economic model is being promoted worldwide A circular economy offers an alternative model aiming at doing more and better with less It is based on the idea that circulating matter and energy will diminish the need for new input Its concept lies in maintaining the value of products materials and resources for as long as possible and at the same time minimizing or even

eliminating the amount of waste produced Focused on closing the loops a circular economy is a practical solution for promoting entrepreneurial sustainability economic growth environmental resilience and a better quality of life for all The most efficient way to close resource loops is to find value in the waste Different modes of resource circulation may be applied e g raw materials by products human resources logistics services waste energy or water To that end this Special Issue seeks to contribute to the circular bioeconomy agenda through enhanced scientific and multidisciplinary knowledge to boost the performance efficiency of circular business models and support decision making within the specific field The Special Issue includes innovative technical developments reviews and case studies all of which are relevant to green closed loop circular bioeconomy

Developmental Science Marc H. Bornstein, Michael E. Lamb, 2015-07-24 *Developmental Science* An Advanced Textbook is the most complete and cutting edge introduction to the field available today Since its initial publication the key purpose of the text has been to furnish inclusive developmental perspectives on all substantive areas in psychology neuroscience perception cognition language emotion and social interaction This edition is no exception as it continues to underscore the dynamic and exciting status of contemporary developmental science In this Seventh Edition Marc H Bornstein and Michael E Lamb once again invite international experts to prepare original comprehensive and topical treatments of the major areas of developmental science which are masterfully woven into a single coherent volume Some chapters in this edition are new and those carried forward from the sixth edition have been extensively revised This volume represents faithfully the current status of scholarly efforts in all aspects of developmental science Ideal for advanced undergraduate and introductory graduate courses the text is accompanied by a website with supplementary material for students and instructors including chapter outlines topics to think about before reading glossaries and suggested readings

Islamic Ecumene David S. Powers, Eric Tagliacozzo, 2023-11-15 The essays in *Islamic Ecumene* address the ways in which Muslims from Morocco to Indonesia and from sub Saharan Africa to the steppes of Uzbekistan are members of a broad cultural unit Although the Muslim inhabitants of these lands speak dozens of languages represent numerous ethnic groups and practice diverse forms of Islam they are united by shared practices and worldviews shaped by religious identity To highlight these commonalities the co editors invited a team of scholars from a wide range of disciplines to examine Muslim societies in comparative and interconnected ways The result is a book that showcases ethics education architecture the arts modernization political resistance marriage divorce and death rituals Using the insights and methods of historians anthropologists literary critics art historians political scientists and sociologists *Islamic Ecumene* seeks to understand Islamic identity as a dynamic phenomenon that is reflected in the multivalent practices of the more than one billion people across the planet who identify as Muslims

Urban Regeneration and Neoliberalism Clare Kinsella, 2020-10-29 This book explores the concept of home in Liverpool over phases of regeneration following the Second World War Using qualitative research in the oral history tradition it explores what the author conceptualises as forward facing regeneration in the period up to the 1980s

and neoliberal regeneration interventions that prioritise the past from the 1980s to the present The author examines how the shift towards city centre focused redevelopment and event led initiatives has implications for the way residents make sense of their conceptualisations of home and demonstrates how the shift in regeneration focus discourse and practice away from Liverpool s neighbourhood districts and towards the city centre has produced changes in the ways that residents identify with neighbourhoods and the city centre with prominence being given to the latter Employing Pierre Bourdieu s concepts of habitus and field as mechanisms for understanding different senses of home and shifts from localised views to globalised views this book will appeal to those with interests in urban sociology regeneration geography sociology home cultures and cities

Justice on Trial Mollie Hemingway, Carrie Severino, 2019-07-09 1 NATIONAL BESTSELLER Justice Anthony Kennedy slipped out of the Supreme Court building on June 27 2018 and traveled incognito to the White House to inform President Donald Trump that he was retiring setting in motion a political process that his successor Brett Kavanaugh would denounce three months later as a national disgrace and a circus Justice on Trial the definitive insider s account of Kavanaugh s appointment to the Supreme Court is based on extraordinary access to more than one hundred key figures including the president justices and senators in that ferocious political drama The Trump presidency opened with the appointment of Neil Gorsuch to succeed the late Antonin Scalia on the Supreme Court But the following year when Trump drew from the same list of candidates for his nomination of Brett Kavanaugh the justice being replaced was the swing vote on abortion and all hell broke loose The judicial confirmation process on the point of breakdown for thirty years now proved utterly dysfunctional Unverified accusations of sexual assault became weapons in a ruthless campaign of personal destruction culminating in the melodramatic hearings in which Kavanaugh s impassioned defense resuscitated a nomination that seemed beyond saving The Supreme Court has become the arbiter of our nation s most vexing and divisive disputes With the stakes of each vacancy incalculably high the incentive to destroy a nominee is nearly irresistible The next time a nomination promises to change the balance of the Court Hemingway and Severino warn the confirmation fight will be even uglier than Kavanaugh s A good person might accept that nomination in the na ve belief that what happened to Kavanaugh won t happen to him because he is a good person But it can happen it does happen and it just happened The question is whether America will let it happen again
