legislation is often passed with thousands of unread pages or how too big to fail became a slogan that justified bailing out banks instead of people Knowledge is power and withholding it is how they maintain theirs Projecting is where things get theatrical Gaslighters accuse you of the very things they re guilty of Fake news they cry while spinning narratives so twisted they could be written by M Night Shyamalan Politicians who shout about freedom while restricting liberties or corporations that blame consumers for pollution while churning out single use plastics they re the masters of projection It s not just hypocrisy it s a smoke bomb to distract you from their own guilt Isolating is the oldest trick in the book Gaslighting systems isolate you from support whether through fearmongering misinformation or outright censorship They convince you that you re alone in your concerns You are not alone Let us educate and rebel with civil solitude
