

### **Farewell Speech**

Good Morning Rotary members of the Castlegar Sunrise Club, Good Morning guests! Thank you for coming to the meeting today and thank you very much for giving me the opportunity to speak here today. It has been a wonderful year with you!

Exactly 318 days ago I arrived in Castlegar. Sitting in the small plane from Vancouver was a little bit scary for me especially when we came closer to Castlegar. Looking out of the window, I saw its gorgeous scenery but there was one problem: the river. My little plane was so low when it flew over the river and I could not see an airport. I was afraid we would land in the river. Luckily, we didn't. I was quite happy about that even though it was sunny weather.

When I finally entered the entrance hall of the airport I was cordially received from Kay, David, and some other people. In spite of my jetlag, I was not tired at all. It was so exciting to see all the new faces. My journey had just begun.

After a couple of days, school began for me and that was one of the major differences this year. It took me a little bit of time to adjust. Instead of fourteen I had only four subjects per semester. My choices were Metal Work, English 12, Communication, and P.E. . I was very excited for the first day. First of all, I had to take a school bus which was new for me. At home, I live ten minutes away from school and school buses like that do not exist. These yellow old- fashioned school buses reminded me of old movies.

The first days in school were interesting. Soon I realized that it would be a relaxing semester for me. I understood most of what my teachers taught and did not have problems orienting in school. My classes were twice as long as I was used to. That was hard at the beginning but I got over it quickly. The next difference was lunch. I had never had a lunch break before; we have two fifteen minute breaks after two lessons at home. Lunch was nice to relax and to discover other places in school. After a while, I discovered the library which was also something new for me. Sitting in the library at lunch was fantastic. I loved the atmosphere there and enjoyed skipping through magazines while eating my lunch. From there on, I spent most of my lunch hours in the library.

The school had nice celebrations like Halloween which I really enjoyed. Upon David's recommendation I dressed up as Goldilocks and the three bears which

mantra to the final act of voting in South Africa's first democratic elections this lyrical memoir provides a unique perspective on South Africa's modern history The account shows how a young Hindu woman of Indian ancestry living in South Africa in the 1940s defied convention married a Muslim man and became an activist at time when Muslim women were seldom seen in such a role As a teacher she spoke up during the political strife of that highly segregated era which included the relocation of Indians and angry student boycotts and here shares her philosophies and insights into education Filled with characters from both a personal and national context the memoir captures the nuances of an important time and place *Castles in the Air* Kenneth Khulekani Khoza,2013-12-27 *Castles in the Air* is an attempt to open discussions on some often overlooked issues which affect education particularly in rural and township government schools In order to make it a truly South African drama I have drawn from oral tradition by including songs and poems which play an integral part in traditional storytelling There are many folksongs which were included in earlier versions but I decided to remove them in the final version because I did not intend to write a musical There are also some praise poems that I composed for the main character and his father I studied oral tradition and I am confident that the praise poems I composed have all the qualities of the real praise poems and because I could not compose them in English I therefore wrote them in isiZulu with translations in the glossary at the end
