**Observations on the Ethnology of the Sauk Indians** Alanson Skinner,1926 *Ethnology of the*

*Ioway Indians* Alanson Skinner, 1923      *Styling Blackness in Chile* Juan Eduardo Wolf, 2019-04-30 Chile had long forgotten about the existence of the country's Black population when in 2003 the music and dance called the *tumbe* carnaval appeared on the streets of the city of Arica. Featuring turbaned dancers accompanied by a lively rhythm played on hide head drums, the *tumbe* resonated with cosmopolitan images of what the African Diaspora looks like and so helped bring attention to a community seeking legal recognition from the Chilean government which denied its existence. *Tumbe* carnaval however was not the only type of music and dance that Afro Chileans have participated in and identified with over the years. In *Styling Blackness in Chile* Juan Eduardo Wolf explores the multiple ways that Black individuals in Arica have performed music and dance to frame their Blackness in relationship to other groups of performers, a process he calls *styling*. Combining ethnography and semiotic analysis, Wolf illustrates how *styling* Blackness as *Criollo Moreno* and *Indigena* through genres like the *baile de tierra morenos de paso* and *caporales* simultaneously offered individuals alternative ways of identifying and contributed to the invisibility of Afro descendants in Chilean society. While the *styling* of the *tumbe* as Afro descendant helped make Chile's Black community visible once again, Wolf also notes that its success raises issues of representation as more people begin to perform the genre in ways that resonate less with local cultural memory and Afro Chilean activists' goals. At a moment when Chile's government continues to discuss whether to recognize the Afro Chilean population and Chilean society struggles to come to terms with an increase in Latin American Afro descendant immigrants, Wolf's book raises awareness of Blackness in Chile and the variety of Black music dance throughout the African Diaspora while also providing tools that ethnomusicologists and other scholars of expressive culture can use to study the role of music dance in other cultural contexts.

*Feminist Perspectives on Advertising* Kim Golombisky, 2018-11-29 This volume edited by Kim Golombisky applies an intersectional lens to advertising focusing on gender, race, ethnicity, sexuality, disability, age, class, and nationality. Intersectional feminist perspectives on advertising are rare in the advertising industry even as it faces pressure to reform. This anthology focuses on advertising messaging to follow up the professional practices covered in *Feminists, Feminisms, and Advertising* edited by Kim Golombisky and Peggy Kreshel. In this new collection, contributors write from a variety of perspectives including Black, African, lesbian, transnational, poststructuralist, material, commodity, and environmental feminisms. The authors also discuss the reproductive justice framework, feminist disability studies, feminist ethnography, feminist discourse analysis, and feminist visual rhetoric. Together, these scholars introduce big ideas for feminist advertising studies. The first section, titled *Historicize*, includes work dealing with historicized analyses of advertising ranging from more than a century of stereotypes about Black women to early twentieth-century white women purchasing automobiles, all contextualized with women's complex relations with technologies from cars to Twitter. The second section, *Advertising Body Politics*, groups work on topics related to body politics in advertising including lesbians, disabled women, aging women, and Chinese promotion girls. The third section, *Media Reps*, revisits advertising representation in novel ways from operational

definitions of race and advertising news about gay men to advertising twenty first century masculinities in Ghana and the United States The last section Reproduction and Postfeminist Empowerment ends the book with a selection of case studies on the advertising industry s cooptation and commodification of feminism particularly in regressive postfeminist ideologies about women s reproductive health and mothering
