Two hundred days orbiting Earth on the International Space Station. Five years working and training with the aerospace community across the world. A lifetime of choices leading to the stars. These are the components of Samantha Cristoforetti's dream—a dream she invites us to share in this intimate account of an astronaut's journey to space. She views the triumphs and disappointments of that journey with a poet's eye and a philosopher's mind and an engineer's gift for detail that brings each experience into sharp focus. With Cristoforetti as our guide, we're called to become apprentice astronauts and experience the world anew through the visor of a space suit's helmet. Bonding with crew members to tackle challenges as a team, lifting off from the launchpad in a roar of engines, discovering the strange wonders of weightlessness, seeing Earth with a fresh perspective after a bittersweet return to solid ground—all these moments and more reveal what it really takes to escape our planet's gravity in pursuit of a goal.
