scale your expectations based on your desire for perfection If you are in search of an immaculate 458 then you ll want to ensure most items on this list are in excellent repair If you are looking for a driver s car then your threshold of tolerance for minor functional or aesthetic flaws may be higher Bear in mind lower miles can mean more problems Cars that have sat unmoved for long periods of time tend to have more issues than those that have been driven and maintained properly This guide will help expose these issues and let you decide if they are deal breakers negotiation points or simply items to resolve or even just accept as is after purchase People ask me all the time Should I buy this Ferrari That is a question I cannot answer for you I can only help inform your decision with knowledge gleaned from my own experience The decision is ultimately yours to make but in most cases I don t think you ll regret it
