Literary Representations of Precarious Work, 1840 to the Present Michiel Rys, Bart Philipsen, 2022-01-03 Literary Representations of Precarious Work 1840 to the Present sheds new light on literary representations of precarious labor from 1840 until the present With contributions by experts in American British French German and Swedish culture this book examines how literature has shaped the understanding of socio economic precarity a concept that is mostly used to describe living and working conditions in our
