**Book Review:** *Average Joe's RV Refrigerator Troubleshooting and Repair Guide* made me feel confident that I, an average Joanne, could pull out my own RV refrigerator and know what I was looking at, what to check first, depending on the problem, and where to proceed from there. Without the guide, I'd never know where to start. There are a lot of photos, and the troubleshooting charts are easy to read, with a column for symptoms, possible problem areas, and causes and remedies. They identify specific problems for which I need to call on a repair specialist, but I was surprised to see that many of the remedies are simple enough that I would not be afraid to tackle them myself.
