Erotic Domination The Viking S Claim Medieval Viking Historical Romance:

The Vikings Reimagined Tom Birkett, Roderick Dale, 2020-01-20 The Vikings Reimagined explores the changing perception of Norse and Viking cultures across different cultural forms and the complex legacy of the Vikings in the present day Bringing together experts in literature history and heritage engagement this highly interdisciplinary collection aims to reconsider the impact of the discipline of Old Norse Viking Studies outside the academy and to broaden our understanding of the ways in which the material and textual remains of the Viking Age are given new meanings in the present The diverse collection draws attention to the many roles that the Vikings play across contemporary culture from the importance of Viking tourism to the role of Norse sub cultures in the formation of local and international identities Together these collected essays challenge the academy to rethink its engagement with popular reiterations of the Vikings and to reassess the position afforded to reception within the discipline Alexander the Great in the Persian Tradition Haila Manteghi, 2018-02-28 Alexander the Great 356 333 BC was transformed into a legend by all those he met leaving an enduring tradition of romances across the world Aside from its penetration into every language of medieval Europe the Alexander romance arguably had its greatest impact in the Persian language Haila Manteghi here offers a complete survey of that deep tradition ranging from analysis of classical Persian poetry to popular romances and medieval Arabic historiography She explores how the Greek work first entered the Persian literary tradition and traces the development of its influence before revealing the remarkable way in which Alexander became as central to the Persian tradition as any other hero or king And importantly by focusing on the often overlooked early medieval Persian period she also demonstrates that a positive view of Alexander developed in Arabic and Persian literature before the Islamic era Drawing on an impressive range of sources in various languages including Persian Arabic and Greek Manteghi provides a profound new contribution to the study of the Alexander romances Beautifully written and with vibrant literary motifs this book is important reading for all those with an interest in Alexander classical and medieval Persian history the early Islamic world and classical reception studies Dominated By The Viking Eloise Snow, 2019-05-16 Eva did not become a Queen by giving into men John is no exception so even as he strips bare and lays his muscular body on the snow covered wall melting the snow as well as the heart of every woman in his village and leaving both as wet she resists John is no pretty boy but he s a valiant fighter who would die for his people When Vikings storm his castle he s on the front lines to fight back but Eva s forces are too strong and soon he finds himself captive where he s given an ultimatum that will test his loyalty to his people Eva will make sure John bends his knee for her perhaps in more ways than one Excerpt 1 Somehow the darkness only seemed to deepen as he stepped beneath the canopy provided by the trees and a silence so deep it felt almost unnatural overtook him With the insulating trunks and bulky foliage around him the rising and falling hum of voices soon disappeared behind him fading into the distance his solitude broken only by the stirring of a woodland creature startled by his passage through For hours he wandered until the inky blackness gave way to grey and

as he came to a hill he saw red on the horizon the rising sun Except no birds were yet awake not a sound to be heard to announce the oncoming day It was much too quiet still for the sun to be peeking above the distant horizon and he realized with a start he was facing the wrong direction to see the sun at all The red light that flickered on the horizon was spreading and rising up from it he saw a column of black twisting in the air like a giant snake Smoke John's heart hammered against his chest and for a moment just a moment he considered dashing back into the woods hiding until whatever was happening had passed He took a step intending to do just that and sucked in a sharp breath that made his ribs ache where Mack had hammered on them the day before for speaking with Ellen Ellen Fear so distinct it was nearly palpable coursed through him and he was moving before he had made the conscious decision to do so Leafage dampened the sound of his approach but nothing could muffle the sounds coming from his village Screams broke the stillness of morning and as John broke from the tree line he saw why chaos had erupted strangers in burnished armor and thick leathers swarming the streets that had been empty when he left The men of the village had banded together but even as John watched their line was broken makeshift weapons no match for the tools of war hefted by the figures that advanced on them John recognized each man that fell before the intruders and his heart clenched in his chest he altered his course even as he heard a shout behind him trying to disappear among the familiar streets and aiming to cut them off hoping to get to the bakery before the advancing line His hopes waned almost immediately there was no rhyme or reason to this no true organization it seemed as if they had come from all sides Buildings that had stood since John was a boy were in ruins roofs aflame simple roughen blocks crumbling under the sweltering heat Excerpt 2 Soon their clothes seemed an almost oppressive barrier cruel trappings designed with the pure purpose of keeping them apart John s shirt was discarded and laid on the ground with his trousers Ellen s dress disappeared next added to the clothes laid out until it made a small pallet softer at least than the bare rock that surrounded it There Ellen allowed herself to be lowered her hair pulled free from the ribbons that had held it in place allowing it to fall free in slight curls around her fanned out beneath her shoulders A delicate shiver passed through the girl beneath him as he lowered his mouth to the junction between her legs taking his first taste of her her fingers curled in the clothing beneath her knees coming up around his ears whether to bar him access or encourage him John could not say His hands pressed lightly to her thighs encouraging them apart again and Ellen complied a smooth motion one leg daintily coming to curve over his **The Columbia-Viking Desk Encyclopedia** William Bridgwater,1960 shoulder knee hooked over it **Mastered By** Vikings 2 - Betrayed (Viking Erotic Romance / BDSM Erotica) Chelsea Chaynes, 2015-08-01 This is the sequel to the popular Mastered By Vikings Series by Chelsea Chaynes and takes place immediately after the events of the first book It can be read as a standalone piece or in sequence This story is 18K words long and will not be broken up into installments like the first It was 950 AD on the settlement of Ryeksholt Rhona Croft wakes one night with contractions in her womb The time has come for her to give birth to Lars Thorgard's warrior son With tensions in his clan riding high Lars must defend himself
