 been overlooked in women s erotica femme femme attraction **A Study of Erotic Literature in England** W. v.
 Murat,2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United
 Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known
 bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who
 was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a
 text of this or a similar title His profession or his activities are not known he once called himself a writer but library
 catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946
 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which
 he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely
 from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the
 author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order
 and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate
 navigation The Arabian Nights Wen-chin Ouyang,2014-06-10 The most famous of all story collections The Arabian Nights
 also known as The Book of the Thousand and One Nights is beloved around the world Composed of Persian Arabic Greek
 Indian and other sources that accumulated over hundreds of years these fabulous stories within stories have long fired
 readers imaginations with an enchanted world of flying carpets magic lamps genies demons magicians and sorceresses
 carnivorous giants and bloodthirsty bandits Translation has played a key role in the formation of The Arabian Nights as we
 know it making it far more prominent in the West than it has ever been in the Arab world Westerners first discovery of some
 of the tales in the early eighteenth century sparked a feverish thirst for more which led to compilations that freely adapted
 reconfigured and even added to the originals The resulting love affair with the art architecture literature cuisine and culture
 of the East significantly remapped the European literary landscape Editor Wen chin Ouyang has compiled a carefully chosen
 selection from influential English translations showcasing the strengths of different translators including Richard Burton
