Les situations difficiles au travail
 Matthieu Poirot, 2013-11-19 Une situation difficile au travail correspond à l'accumulation de facteurs dépassant les capacités collectives de régulation d'une entreprise et les ressources psychosociales des personnes. Il en résulte un déséquilibre pouvant mettre en jeu la santé des salariés et l'efficacité du travail. Il peut s'agir de facteurs organisationnels (quipes marginalisées, choc de générations, perte chronique d'activité, bouleversement stratégique, etc.), individuels (situation de fragilisation personnelle, difficulté d'insertion professionnelle, burnout, etc.), relationnels (hyperconflit, harcèlement, persécution, management toxique, etc.). Illustration de situations concrètes : cet ouvrage permet d'analyser les situations difficiles selon ces trois approches et d'évaluer les risques. Il propose des outils d'accompagnement et de résolution des conflits. Enfin, il présente les bonnes pratiques à mettre en place pour prévenir ce type de situations. Cet ouvrage s'adresse aux praticiens de l'accompagnement professionnel (coachs, consultants en entreprise, aux professionnels de la santé au travail, médecins, psychothérapeutes, psychologues, mais également aux managers et aux managers).

Making Spirits
 Diana Espirito Santo, Nico Tassi, 2013-07-15 The analysis of religion has often placed an emphasis on beliefs and ideologies, prioritizing these elements over those of the material world. Through the ethnographic analysis of a variety of contemporary religious practices, Making Spirits questions the presumed separation of spirit and matter and sheds light on the dynamics between spiritual and material domains. By examining the cultural contexts in which material culture is central to the creation and experience of religion and belief, this volume analyses the different ways in which the concepts of the material and spiritual worlds intersect, interact and inform each other in the reproduction of religious rites. Using examples such as spirit mediums, fetishes and ritual objects across a variety of cultures such as Latin America, Japan and Central Africa, Nico Tassi and Diana Espirito Santo offer insights that challenge accepted categories in the study of religion, making this book important for scholars of comparative religion, anthropology and sociology.
