in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates

The Magnificent Ride Thomas A. Fudge,2018-03-29 The Magnificent Ride examines the social and religious dimensions of the Hussite revolutionary movement in 15th century Bohemia It argues that the magnificent ride was in fact the first reformation and not merely a precursor to the reformations of the 16th century The religious revival which had begun in Prague in the later middle ages reached its zenith in the period between Jan Hus and the Council of Basel This book reconstructs the Hussite myth and shows how that myth evolved into the historical phenomenon of heresy Acts of heretical practice in Bohemia condemnation of Jan Hus defiance of ecclesiastical authority and attempts by the official church to deal with the dissenters are fascinating chapters in the history of late medieval Europe **Friedl Dicker-Brandeis** Stefanie Kitzberger,Cosima Rainer,Linda Schädler,2022-12-19 Bauhaus artist Friedl Dicker Brandeis The work of Friedl Dicker Brandeis 1898 1944 occupies a key position in the broader history of the Austrian avant garde while also deepening our understanding of modernism Her work covers an impressive range of media and genres in the visual and applied arts Influenced by her studies at Vienna s Kunstgewerbeschule which later became the University of Applied Arts Vienna the Itten Private School and the Bauhaus in Weimar she worked as a painter stage designer architect designer in Vienna and Berlin in exile and as a deportee This book explores the heterogeneity of Dicker s work reconstructs her artistic strategies and references to aesthetic and political discourses from the 1920s to the 1940s and documents for the first time her works in the collection of the University of Applied Arts Vienna Portrait of her work and collection catalog dedicated to the artist designer and architect Friedl Dicker Brandeis Essays by Julie M Johnson Robin Rehm Daniela Stoppel and others To accompany an exhibition in Vienna and Zurich awarded as one of the most beautiful books in Austria in 2022 **Notable American Women with Czechoslovak Roots** Miloslav Rechcigl Jr.,2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role **T.P.'s Weekly** ,1928
