Escape From Megiddo:

Battle at Zero Point Mack Maloney, 2015-03-06 The year is 7202 A D Evolving from genetic manipulation and virtually immortal the Specials wielded their repressive power over a far flung empire for nearly two thousand years Until one man a man of mystery a gifted military strategist a superb pilot a charismatic leader dared to raise the flag of rebellion That man is Hawk Hunter In the middle of a fierce battle with the Imperial forces Hunter suddenly finds himself alone His badly damaged fleet has vanished gone through a portal to another dimension They can lay low rest make repairs and gain strength for their next assault But the enemy also finds the portal and it leads them to a different dimension where they discover powerful and deadly new allies Now Hunter must undertake his own Interdimensional search for support Because when the portal reopens the battle that follows could destroy not only the rebels and the Empire but also the entire galaxy

Warfare in the Ancient World Stefan G. Chrissanthos, 2008-10-30 From the clash of bronze weapons on bronze armor to the fall of Rome war often decided the course of ancient history This volume is a practical introduction to the study of warfare in the ancient world beginning with Egypt and Mesopotamia and tracing the advances made in battle tactics technology and government over hundreds of years culminating with developments in Greece and the Roman Empire The chronological structure allows the reader to trace certain general themes down through the centuries how various civilizations waged war who served in the various armies and why who the generals and officers were who made the decisions in the field what type of government controlled these armies and from what type of society they sprang Major events and important individuals are discussed in their historical contexts providing a complete understanding of underlying causes and enabling readers to follow the evolution of ancient warfare as armies and empires became steadily larger and more sophisticated Yet as Chrissanthos makes clear history comes full circle during this period Rome's collapse in 476 C E inaugurated an unforeseen dark age in which great armies were left decimated despite advanced technology that while proving decisive in the outcome of many critical battles and stand offs had vanished amidst the Empire's crumbling walls In addition to the chronological treatment Chrissanthos also includes sections on such important topics as chariot warfare cavalry naval warfare elephants in battle the face of battle and such vital but often overlooked topics as the provisioning of the army with sufficient food and water Eyewitness accounts are incorporated throughout each chapter allowing the reader brief glimpses into the life and times of peasants and soldiers generals and politicians all of whom were dealing with war and its irreconcilable consequences from differing vantage points Battle diagrams and maps are carefully placed throughout the text to help the reader visualize particular aspects of ancient warfare The book also furnishes a detailed timeline and an extensive bibliography containing both modern and ancient sources

Megiddo's Ridge S. Fowler Wright, 2009-04-01 In 1938 the Nazis launch a sudden attack on Czechoslovakia which they quickly subdue and also on England which proves to be a much harder morsel to digest As the allies from the West gather their forces in Palestine for a final climactic battle at Megiddo's Ridge British spy Richard

Steele who has infiltrated the highest levels of the German command uncovers a great secret But revealing it could cost him his position and his life The third book in an Alternate History of World War II **Notes on i. Contends that the roots of Christian belief come not from Judaea but from Egypt Shows that the Romans fabricated their own version of Christianity and burned the Alexandrian library as a way of maintaining political power Builds on the arguments of the author s previous books The Hebrew Pharaohs of Egypt Moses and Akhenaten and Jesus in the House of the Pharaohs In Christianity An Ancient Egyptian Religion author Ahmed Osman contends that the roots of Christian belief spring not from Judaea but from Egypt He compares the chronology of the Old Testament and its factual content with ancient Egyptian records to show that the major characters of the Hebrew scriptures including Solomon David Moses and Joshua are based on Egyptian historical figures He further suggests that not only were these personalities and the stories associated with them cultivated on the banks of the Nile but the major tenets of Christian belief the One God the Trinity the hierarchy of heaven life after death and the virgin birth are all Egyptian in origin He likewise provides a convincing argument that Jesus himself came out of Egypt With the help of modern archaeological findings Osman shows that Christianity survived as an Egyptian mystery cult until the fourth century A D when the Romans embarked on a mission of suppression and persecution In A D 391 the Roman appointed Bishop Theophilus led a mob into the Serapeum quarter of Alexandria and burned the Alexandrian library destroying all records of the true Egyptian roots of Christianity The Romans version of Christianity manufactured to maintain political power claimed that Christianity originated in Judaea In Christianity An Ancient Egyptian Religion Osman restores Egypt to its rightful place in the history of Christianity

...and they shall not escape Gail B. Lee,2021-08-05 Since sin entered into the world the earth has been slowly dying This should not be surprising our bodies are made up of the same material of the earth and they are subject to death There will be major cataclysmic events in the near future that will drastically change the surface of this planet Mountains will be split in half and separate huge valleys formed the eco system of this planet greatly degraded There will be intense heat supersized hailstones violent earthquakes and millions of acres burned Man will be in survival mode Will you survive Will you escape

The Oxford History of the Ancient Near East Karen Radner,Nadine Moeller,D. T. and the Gentile Hiemstra Stephen W.,2025-04-01 **JEEZ AND THE GENTILE** What do you do when life overwhelms Tom learns to lean on God and trust his own instincts Tom is a bitter twelve year old whose father is killed in a police drug raid gone bad During speeches at his father s funeral he falls asleep and wakes up in the first century on the road to Sepphoris where he meets a young Jesus who introduces himself as Jeez Together they witness four soldiers escaping the city on horseback When they reach the city they learn that Jeez s father Joseph has been murdered and a young Mary Magdalene has been kidnapped As witnesses Tom and Jeez are both drafted by local authorities to pursue the four horsemen and bring them to justice The pursuit takes them to different villages and towns in Israel Sepphoris Nazareth Megiddo Jezreel Sebastian Shechem Bethel Jericho and Jerusalem In the process they brave lions hyenas and scorpions and cope with grief human trafficking murder spiritual warfare first century politics and travel in the ancient world In spite of his fish out of water status Tom learns to lean on God and rely on himself Jeez learns the boundaries of being fully human within the context of relationship Tom returns to our time a changed person with an appreciation for forgiveness and a growing faith Premise Gospel of Luke meets the Wizard of Oz

Brotherhood of Kings Amanda H. Podany,2010-07-09 Amanda Podany here takes readers on a vivid tour through a thousand years of ancient Near Eastern history from 2300 to 1300 BCE paying particular attention to the lively interactions that took place between the great kings of the day Allowing them to speak in their own words Podany reveals how these leaders and their ambassadors devised a remarkably sophisticated system of diplomacy and trade What the kings forged as they saw it was a relationship of friends brothers across hundreds of miles Over centuries they worked out ways for their ambassadors to travel safely to one another s capitals they created formal rules of interaction and ways to work out disagreements they agreed to treaties and abided by them and their efforts had paid off with the exchange of luxury goods that each country wanted from the other Tied to one another through peace treaties and powerful obligations they were also often bound together as in laws as a result of marrying one another s daughters These rulers had almost never met one another in person but they felt a strong connection a real brotherhood which gradually made wars between them less common Indeed any one of the great powers of the time could have tried to take over the others through warfare but diplomacy usually prevailed and provided a respite from bloodshed Instead of fighting the kings learned from one another and cooperated in peace A remarkable account of a pivotal moment in world history the establishment of international diplomacy thousands of years before the United Nations Brotherhood of Kings offers a vibrantly written history of the region often known as the cradle of civilization *Ordo Sæclorum* Henry Browne,1844 **Out of Egypt** Ahmed Osman,1998 Muslim scholar Ahmed Osman argues that the Egyptian roots of Christianity were deliberately covered up by the early Church at the time of the burning of the library at Alexandria roots which are only now being uncovered again by archaeology *The Egyptian Origins of King David and the Temple of Solomon* Ahmed Osman,2019-02-05 An investigation into the real historical figure of King David and the real location of the Temple of Solomon Identifies King David as Pharaoh

Tuthmosis III of the 18th Dynasty and David's son Solomon as Pharaoh Amenhotep Tuthmosis's successor Shows how the Temple of Solomon described in the Bible corresponds with the Mortuary Temple of Luxor in Egypt Explains how David was not a descendant of Isaac but his father and how biblical narrators changed the original story of Abraham and Isaac to hide his Egyptian identity During the last two centuries thousands of ancient documents from different sites in the Middle East have been uncovered However no archaeological discovery speaks of King David or Solomon his son and successor directly or indirectly Was King David a real person or a legend like King Arthur Proposing that David was a genuine historical figure Ahmed Osman explores how his identity may be radically different than what is described in religious texts Drawing on recent archaeological historical and biblical evidence from Egypt Osman shows that David lived in Thebes Egypt rather than Jerusalem that he lived five centuries earlier than previously thought during the 15th rather than the 10th century B C and that David was not a descendant of Isaac but was in fact Isaac's father The author also reveals David's true Egyptian identity Pharaoh Tuthmosis III of the 18th Dynasty Confirming evidence from rabbinic literature that indicates Isaac was not Abraham's son despite the version provided in Genesis Osman demonstrates how biblical narrators replaced David with Abraham the Hebrew to hide the Egyptian identity of Isaac's father He shows how Egyptian historical and archaeological sources depict figures that match David's and Solomon's known characteristics in many ways including accounts of a great empire between the Euphrates and the Nile that corresponds with David's empire as described in the Bible Extending his research further the author shows that King Solomon King David's son corresponds in reality to Pharaoh Amenhotep successor of Tuthmosis III the pharaoh who stands out in the dynastic history of Egypt not only for his peaceful reign but also as the builder of the Temple of Luxor and the famed Mortuary Temple at Luxor which matches the biblical descriptions of Solomon's Temple Unveiling the real history behind the biblical story of King David Osman reveals that the great ancestor of the Israelites was in fact Egyptian

Battles that Changed History Spencer C. Tucker, 2010-11-11 This encyclopedic collection of more than 200 of the most decisive and important battles throughout world history gets a fresh interpretation by a noted military historian The mythic and doomed stand of the 300 Spartans at Thermopylae the siege of Carthage in 149 146 BCE which ended with Rome destroying the city and enslaving the entire remaining Carthaginian population the Battle of Hastings in 1066 arguably the most important battle ever on English soil the Battle of Trenton that saved the American Revolutionary cause and established the military reputation of General Washington the firebombing of Tokyo on the night of March 9 10 1945 that destroyed one quarter of the city All of these conflicts and hundreds more played a crucial role in defining the direction of history and the evolution of human society This text provides high school level readers with detailed descriptions of the battlefield actions that have played the greatest parts in shaping military history and human existence Special attention is paid to the greater historical context and significance of each battle especially in relation to other events
