A Study of Erotic Literature in England W. v. Murat, 2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references

Sexuality and the Erotic in the Fiction of Joseph Conrad Jeremy Hawthorn,2007-03-01 Awarded third place for The Adam Gillon Book Award in Conrad Studies 2009 The book presents a sustained critique of the interlinked and contradictory views that the fiction of Joseph Conrad is largely innocent of any interest in or concern with sexuality and the erotic and that when Conrad does attempt to depict sexual desire or erotic excitement then this results in bad writing Jeremy Hawthorn argues for a revision of the view that Conrad lacks understanding of and interest in sexuality He argues that the comprehensiveness of Conrad s vision does not exclude a concern with the sexual and the erotic and that this concern is not with the sexual and the erotic as separate spheres of human life but as elements dialectically related to those matters public and political that have always been recognized as central to Conrad s fictional achievement The book will open Conrad s fiction to readings enriched by the insights of critics and theorists associated with Gender Studies and Post colonialism
