## **Esclaves Qui Allaitent:**

Rabbinisme et Paganisme en Palestine romaine E. Friedheim, 2006-07-01 This study deals essentially with the knowledge of the Palestinian Rabbis concerning paganism in the days of Mishna and Talmud. The Late Professor Saul Lieberman wrote that Many isolated items on idolatry and idol worshippers are scattered all over rabbinic literature. It would require a large volume to treat this topic. This valuable and exhaustive study proves methodically that the Rabbis had deeper knowledge about Syrian Arabian Anatolian and Graeco Roman Pagan cults than is commonly believed. Clear accessible and displaying considerable scholarship this work will undoubtedly provide an important challenge to both historians archaeologists and scholars of Rabbinic texts. Cette étude traite essentiellement du niveau de connaissances des Rabbins de Jude et de Galilé concernant les cultes dans le sens le plus large du terme. Le Professeur Saul Lieberman affirmait Many isolated items on idolatry and idol worshippers are scattered all over rabbinic literature. It would require a large volume to treat this topic. Ce travail exhaustif traverse l'ensemble du corpus talmudique et au regard de la réalité historique propre la Palestine romaine montre méthodiquement que les connaissances des Sages tant sur les divinités du paganisme que sur des rites syriens arabes anatoliens voire grecs romains étaient bien plus vastes et approfondies que ce qu'il est communément admis aujourd'hui par la recherche historique. De part sa claret et son accessibilité ce livre intéressera aussi bien les historiens du peuple juif que ceux des religions antiques. Les archéologues les historiens du Levant à l'époque romaine ainsi que les spécialistes de la littérature talmudique y trouveront également un vif intérêt en vertu de son aspect extrêmement novateur.
