Robert Denham in his introduction to this unique collection of twenty two papers written by Northrop Frye during his student years Made public only after Frye s death in 1991 all but one of the essays are published here for the first time The majority of these papers were written for courses at Emmanuel College the theology school of Victoria College at the University of Toronto Essays such as The Concept of Sacrifice The Fertility Cults and The Jewish Background of the New Testament reveal the links between Frye s early research in theology and the form and content of his later criticism It is clear that even as a theology student Frye s first impulse was always that of the cultural critic The papers on Calvin Eliot Chaucer Wyndham Lewis and on the forms of prose fiction show Frye as precociously witty rigorous and incisive a gifted writer who clearly found his voice before his last undergraduate year David Lodge wrote in the New Statesman There are not many critics whose twenty year old book reviews one can read with pleasure and instruction but Frye is an exception to most rules Northrop Frye s student essays provide pleasure and instruction through their comments on the Augustinian view of history on beauty truth and goodness on literary symbolism and tradition
