**House of Trump, House of Putin** Craig Unger, 2018-08-14 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post House of Trump House of Putin offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump s inauguration as president of the United States That moment was the culmination of Vladimir Putin s long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump s sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia s phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today s world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller s report and as others continue to close in on the truth

*The ADHD Advantage* Dale Archer, MD, 2016-08-09 The New York Times bestselling author of *Better Than Normal* esteemed psychiatrist Dale Archer M D reveals how ADHD might be the key to your success For decades in the United States and in countries around the world physicians delivered the diagnosis of ADHD to patients as bad news and warned them about a lifelong struggle of managing symptoms But *The ADHD Advantage* explodes this outlook arguing that some of the most highly successful entrepreneurs leaders and entertainers have reached the pinnacle of success not in spite of their ADHD but because of it People with ADHD are restless endlessly curious often adventurous willing to take smart risks and unusually resilient and their ranks include some of the greatest entrepreneurs of our time Sharing the stories of highly successful people with ADHD Archer offers a vitally important and inspiring new way to recognize ADHD traits in oneself or in one s loved ones and then leverage them to great advantage Readers will learn to harness mental energy for greater creativity embrace multitasking and build a path to great success without medication As

someone who not only has ADHD himself but has never used medication to treat it Dr Archer understands the condition from a unique professional and personal standpoint Armed with new science and research and his own personal experience he teaches readers to embrace their natural strengths and innate potential

**Doo-Wop Acappella** Lawrence Pitilli, 2016-08-02 In *Doo Wop Acappella* A Story of Street Corners Echoes and Three Part Harmonies scholar and

musician Lawrence Pitilli details this too little explored area of 1950 s early 60 s American culture As Kenny Vance and the Planotones suggested in their classic song Looking for an Echo every doo wop acapella group s mission the search for a sound a place to be in harmony a place we almost found was more than the story of street kids seeking recording glory It is the tale of urban change mass migrations ethnic acculturation a changing radio and recording industry and the dynamics of cultural change in the sounds sonic and linguistic that every generation seeks to make and re make for itself In his study of this neglected period Pitilli uncovers a rich musical tradition practiced largely by amateurs in an almost mythologized urban America Although most of these practitioners were musically untrained their lack of formal music education and financial support neither diluted their passion for singing or their quest for possible fame and fortune In this engagingly written and celebratory work Pitilli further demonstrates that doo wop acapella was closely tied to broader issues including the self invented individual gender roles ethnicity race and class

**Interdisciplinary Nutritional Management and Care for Older Adults** Ólöf G. Geirsdóttir, Jack J. Bell, 2021-09-10 This open access book aims to primarily support nurses as leaders and champions of multimodal Interdisciplinary nutrition care for older adults A structured approach to fundamentals of nutrition care across Interdisciplinary settings is combined with additional short chapters about special topics in geriatric nutrition The book is designed to provide highly accessible information on evidence based management and care for older adults with a focus on practical guidance and advice across acute rehabilitation and primary and secondary malnutrition prevention settings The cost of malnutrition in England alone has been estimated to be 19.6 billion per year or more than 15% of the total public expenditure on health and social care 65 years The importance and benefit of specialised nutrition care delivered by experts in field is well established for those with complex nutrition care needs However despite the substantial adverse impact of malnutrition on patient and healthcare outcomes specialised management of this condition is often under resourced overlooked and under prioritised by both older adults and their treating teams As an alternative timely efficient and effective supportive nutrition care opportunities may be appropriately implemented by nurses and non specialist Interdisciplinary healthcare team members working together with nutrition specialists and the older adults they care for Practical low risk opportunities should be considered across nutrition screening assessment intervention and monitoring domains for many patients with or at risk of malnutrition Whilst a variety of team members may contribute to supportive nutrition care the nursing profession provide a clear focal point Nurses across diverse settings provide the backbone for Interdisciplinary teamwork and essential patient care The nursing profession should consequently be considered best placed to administer Interdisciplinary multimodal nutrition care wherever specialist nutrition care referrals are unlikely to add value or are simply not available As such the book is a valuable resource for all healthcare providers dedicated to working with older patients to improve nutrition care
