June 2015 Business Studies Memorandum:

Managing Sustainable Business Gilbert G. Lenssen, N. Craig Smith, 2018-03-07 This book offers 32 texts and case studies from across a wide range of business sectors around a managerial framework for Sustainable Business. The case studies are developed for and tested in executive education programmes at leading business schools. The book is based on the premise that the key for managing the sustainable business is finding the right balance over time between managing competitiveness and profitability AND managing the context of the business with its political, social and ecological risks and opportunities. In that way, a sustainable business is highly responsive to the demands and challenges from both markets and societies and managers embrace the complexity, ambivalence and uncertainty that goes along with this approach. The book presents a framework that facilitates the adoption of best business practice. This framework leads executives through a systematic approach of strategic analysis and business planning in risk management, issues management, stakeholder management, sustainable business development and strategic differentiation, business model innovation and developing dynamic capabilities. The approach helps broaden the understanding of what sustainable performance means by protecting business value against sustainability risks and creating business value from sustainability opportunities. *Competition Law, Regulation and SMEs in the Asia-Pacific* Michael T. Schaper, 2017-03-09 Small and medium-sized enterprises (SMEs) account for more than 90 per cent of all businesses in the Asia-Pacific region, an area which is rapidly updating its competition laws and regulations to encourage greater entrepreneurship and open dynamic economies. Yet SMEs are almost invisible when those competition policies and laws are developed and enforced. SMEs are often quite different businesses than large multinational corporations, but their nature, significance and characteristics are often overlooked. This book seeks to rectify the relative neglect in research and policy discussions on the role of the SME sector in competition policy and law. Drawing on contributions from a wide range of competition regulators, lawyers, academics, consultants and advisers to the SME sector, it addresses such important issues as perceptions and views of small businesses about competition law, regulator engagement and education of the SME sector, the link between competition law and economic growth, franchising SMEs and competition law issues in enforcing competition law against SMEs, the role of Chinese family firms, trade professional and industry associations, country case studies from Vietnam, Singapore, Indonesia, Malaysia, China, South Korea, Hong Kong, SAR, Japan and the Pacific Islands. *Security Sector Reform in Ukraine* Olga Oliker, Lynn E. Davis, Keith Crane, Andrew Radin, Celeste Ward Gventer, Susanne Sondergaard, James T. Quinlivan, Stephan B. Seabrook, Jacopo Bellasio, Bryan Frederick, Andriy Bega, Jakub Hlavka, 2016-10-05 The Maidan Revolution in Ukraine created an opportunity for change and reforms in a system that had resisted them for 25 years. This report examines Ukraine's security sector, assessing what different institutions need to do and where gaps exist, and offers recommendations for the reform of Ukraine's security and defense institutions that meet Ukraine's security needs and align with Euro-Atlantic standards and approaches. *Indefensible* Paul Holden, 2016-09-15 Although

there is often opposition to individual wars most people continue to believe that the arms industry is necessary in some form to safeguard our security provide jobs and stimulate the economy Not only conservatives but many progressives and liberals support it for these reasons Indefensible puts forward a devastating challenge to this conventional wisdom which has normalised the existence of the most savage weapons of mass destruction ever known It is the essential handbook for those who want to debunk the arguments of the industry and its supporters deploying case studies statistics and irrefutable evidence to demonstrate they are fundamentally flawed both factually and logically Far from protecting us the book shows how the arms trade undermines our security by fanning the flames of war terrorism and global instability In countering these myths the book points to ways in which we can combat the arms trade s malignant influence reclaim our democracies and reshape our economies

The Business of Education Joel Spring, John Eric Frankson, Corie A. McCallum, Diane Price Banks, 2017-07-06 The Business of Education a comprehensive view of how education policy is made in the US and in some cases globally analyzes and critiques the influence of educational policy networks in a wide range of contexts and from a variety of perspectives including testing college preparation juvenile detention centers special education the arts teacher evaluation systems education of undocumented immigrants college faculty preparation and financial aid A network chart in most chapters illustrates how the major political actors mainly private philanthropic foundations for profit companies government officials and politicians involved in the network are linked Joel Spring internationally renowned scholar and analyst of educational policy situates and frames the network studies in an introduction discussing general theories of education policy networks

Stahl, David Andrew Waldman, 2019 This Handbook provides an authoritative overview of recent developments in CSR research from across the social sciences Divided into key sections the chapters reflect the interdisciplinary and international nature of current CSR scholarship and explore new perspectives on the topic

Capitalism in Chaos Máté Rigó, 2022-08-15 Capitalism in Chaos explores an often overlooked consequence and paradox of the First World War the prosperity of business elites and bankers in service of the war effort during the destruction of capital and wealth by belligerent armies This study of business life amid war and massive geopolitical changes follows industrialists and policymakers in Central Europe as the region became crucially important for German and subsequently French plans of economic and geopolitical expansion in the late nineteenth and early twentieth centuries Based on extensive research in sixteen archives five languages and four states M t Rig demonstrates that wartime destruction and the birth of war millionaires were two sides of the same coin Despite the recent centenaries of the Great War and the Versailles peace treaties knowledge of the overall impact of war and border changes on business life remains sporadic based on scant statistics and misleading national foci Consequently most histories remain wedded to the viewpoint of national governments and commercial connections across national borders Capitalism in Chaos changes the static historical perspective by presenting Europe s East as the economic engine of the continent Rig accomplishes this paradigm shift by focusing on both supranational regions including East Central and Western Europe as well as the eastern and western peripheries of Central Europe Alsace Lorraine and Transylvania from the 1870s until the 1920s As a result Capitalism in Chaos offers a concrete lively history of economics during major world crises with a contemporary consciousness toward inequality and disparity during a time of collapse

Sovereign Wealth Funds, Local Content Policies and CSR Eduardo G. Pereira, Rochelle Spencer, Jonathon W. Moses, 2021-01-25 This book explores three particular strategies in the extractives sector for creating shared wealth increased labour opportunities and positive social environmental and economic outcomes from corporate projects namely state wealth funds SWF local content policies LCP and corporate social responsibility CSR practices Collectively the chapters explore the associated experiences and challenges in different parts of the world with the view to inform equitable and sustainable development for the communities living

adjacent to extractives sites and the wider society and environment Examples of LCPs SWFs and CSR practices from 12 jurisdictions with diverse experiences offer useful insights The book illuminates challenges and opportunities for sustainable development outcomes of the extractives sector It reflects the need to take on board the lessons of these global experiences in order to improve outcomes for poverty reduction inequality reduction and sustainable development *Morbid Symptoms* Gilbert Achcar, 2016-05-25 Since the first wave of uprisings in 2011 the euphoria of the Arab Spring has given way to the gloom of backlash and a descent into mayhem and war The revolution has been overwhelmed by clashes between rival counter revolutionary forces resilient old regimes on the one hand and Islamic fundamentalist contenders on the other In this eagerly awaited book foremost Arab world and international affairs specialist Gilbert Achcar analyzes the factors of the regional relapse Focusing on Syria and Egypt Achcar assesses the present stage of the uprising and the main obstacles both regional and international that prevent any resolution In Syria the regime's brutality has fostered the rise of jihadist forces among which the so called Islamic State emerged as the most ruthless and powerful In Egypt the Muslim Brotherhood's year in power was ultimately terminated by the contradictory conjunction of a second revolutionary wave and a bloody reactionary coup Events in Syria and Egypt offer salient examples of a pattern of events happening across the Middle East *Morbid Symptoms* offers a timely analysis of the ongoing Arab uprising that will engage experts and general readers alike Drawing on a unique combination of scholarly and political knowledge of the Arab region Achcar argues that short of radical social change the region will not achieve stability any time soon

The Nature of Business Transformation Richard Kelly, 2022-03-17 This book is a practical guide for business professionals to develop and improve business intelligence and collective decision making within their organisation It proposes a progressive reconfiguration of the traditional business operating system using a nature inspired framework called swarm facilitation that enables and facilitates collective decision making Organisations have followed the same rigid formula of problem solving and decision making for over 100 years It is dominated by centralised governance and pyramid decision making Such an approach is no longer fit for purpose in an environment of employee disengagement artificial intelligence AI superintelligence and Covid 19 fallout By the end of this book readers will be able to solve organisational problems and challenges collectively using swarm intelligence upgrade and future proof business operating systems to reflect a more collective decision making approach fit for the new connected economy and Industry 4.0 embrace mindset quotients that support people working in a more networked self organising and collective environment The book is important reading for leaders and managers who are focused on building organisational capital and engagement and gaining value from the emerging technology by evolving their business operating system into a digital ecosystem as part of an ongoing digital transformation strategy It will also appeal to experts working in the field of organisational change and development both within the organisation and as consultants

Open for Business Richard Feinberg, 2016-06-14 An expert guide to Cuba's economic opening to the outside world Ninety miles across the Straits of

Florida an exciting new revolution is afoot This time instead of guerillas marching down the streets of Havana it is a global economy that will upend Cuba Now opening to the world what new forms is this nascent economy likely to take Open for Business The New Cuban Economy Richard E Feinberg s new book examines the Cuban economy as it makes its early steps into developing a more dynamic market economy He examines key issues like the role foreign investors will play how Cubans will forge a path to entrepreneurship and the roadmaps suggested by other emerging economies As Cuba s economy awakens from the post Castro dream it will do so with a flavor that is uniquely Cuban Feinberg s book enriched by interviews and in depth field research conducted over the last five years speaks both to Cuba s legacy and to its new horizons on the world stage

Local Content and Sustainable Development in Global Energy Markets Damilola S. Olawuyi, 2021-03-04 Local Content and Sustainable Development in Global Energy Markets analyses the topical and contentious issue of the critical intersections between local content requirements LCRs and the implementation of sustainable development treaties in global energy markets including Africa Asia Europe North America Latin America South America Australasia and the Middle East While LCRs generally aim to boost domestic value creation and economic growth inappropriately designed LCRs could produce negative social human rights and environmental outcomes and a misalignment of a country s fiscal policies and global sustainable development goals These unintended outcomes may ultimately serve as disincentive to foreign participation in a country s energy market This book outlines the guiding principles of a sustainable and rights based approach focusing on transparency accountability gender justice and other human rights issues to the design application and implementation of LCRs in global energy markets to avoid misalignments

The Obama Presidency and the Politics of Change Edward Ashbee, John Dumbrell, 2016-11-09 This edited volume considers the extent to which the Obama presidency matched the promises of hope and change that were held out in the 2008 election Contributors assess the character of change and within this context survey the extent to which there was enduring change within particular policy areas both domestic and foreign The authors combine empirical detail with more speculative assessment of the limits and possibilities of change amidst a very dense

institutional landscape and in an era of intense political polarization Some see significant changes the full consequences of which may only be evident in later years Other authors in the collection present a markedly different picture and suggest that processes of change were not only limited and partial but at times leading the US in directions far removed from the promises of 2008 The book will make an important contribution to the debates about the Obama legacy *American Politics and the African American Quest for Universal Freedom* Hanes Walton, Jr, Robert C. Smith, Sherri L. Wallace, 2017-03-30 This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had and continue to have on American politics Through the use of two interrelated themes the idea of universal freedom and the concept of minority majority coalitions the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes The authors show that through the quest for their own freedom in the United States African Americans have universalized and expanded the freedoms of all Americans New to the Eighth Edition A new co author Sherri L Wallace is renowned for her teaching scholarship and participation in APSA s American government textbook assessment for coverage of race ethnicity and gender She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality Offers a new Media Integration Guide for the first time Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular Updated through the 2016 elections connecting the Obama years with the new administration Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book Adds a new section on State Politics and Elections Includes new sections on intersectionality dealing with issues of race gender and sexuality LGBT issues as another manifestation of the struggle for universal freedom a discussion of the Black Lives Matter movement and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean Discusses the way in which race contributed to the polarization of American politics the connections to the Tea Party and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling Previews the impact of the Trump Administration on matters of race and ethnicity **Legitimizing Austerity** Tiago Moreira Ramalho, 2025-03-20 This book reexamines the politics of austerity during the euro crisis challenging conventional narratives of austerity as either an inevitable economic remedy or an external imposition Focusing on Greece Portugal and Spain it demonstrates that austerity was a political project shaped and contested across domestic international and transnational levels Drawing on extensive empirical material the book explores how austerity policies were legitimated in southern Europe and how they evolved throughout the crisis It analyses the construction of crisis narratives and the critical role of national actors in rooting the crisis in domestic failure It examines the implementation of austerity policies revealing how they were justified but also malleable and contingent upon political work And it shows how austerity was opposed by an increasingly

transnational social movement The book offers critical insights into the politics of crisis management and the contested legacy of austerity in contemporary debates on how to govern the European economy

The European Union Returns Directive and its Compatibility with International Human Rights Law Izabella Majcher, 2019-11-26 The book undertakes a thorough human rights assessment of the EU Returns Directive The overarching human rights framework which circumscribes states prerogatives in the context of expulsion builds upon obligations derived from the principle of non refoulement the right to life respect for family and private life effective remedy basic social rights the prohibition of torture and ill treatment and protection against arbitrary detention and collective expulsion Based on this assessment Majcher explores several protection gaps in the EU return policy which may result in violations of migrants rights and highlights how the provisions of the Directive should be implemented in line with member states human rights obligations Informed by this assessment the book discusses amendments to the Directive proposed by the European Commission in September 2018 By examining the European Union EU Returns Directive in the light of international and European human rights law Izabella Majcher thoroughly explores and analyses the requirements the EU member states authorities must guarantee migrants in an irregular situation when they adopt and implement return decisions entry bans pre removal detention and removal Marie Laure Basilien Gainche Professor of public international law University Jean Moulin Lyon 3 Honorary member of the Institut universitaire de France
