The Art of Found Objects Robert Craig Bunch, 2016-10-06 In this first book of interviews with visual artists from across Texas more than sixty artists reflect on topics from formative influences and inspirations to their common engagement with found materials Beyond the art itself no source is more primary to understanding art and artist than the artist's own words After all who can speak with more authority about the artist's influences motivations methods philosophies and creations Since 2010 Robert Craig Bunch has interviewed sixty four of Texas finest artists who have responded with honesty clarity and naturally great insight into their own work None of these interviews has been previously published even in part Incorporating a striking full color illustration of each artist's work these absorbing self examinations will stand collectively as a reference of lasting value

The Minds Behind Sega Genesis Games Patrick Hickey, Jr., 2022-07-14 Prior to the arrival of the Sega Genesis video games were still largely considered kid stuff but with a far more mature and eclectic range of titles and an understanding of what gamers wanted Sega and its Genesis Mega Drive console began to shift the expectations for what gaming could be Never scared to innovate Sega's impact on the industry continues to this day through the games they

originally developed and the technology their consoles pushed into the mainstream Featuring interviews with the creators of over 40 games on the Sega Genesis console including Sonic the Hedgehog 2 Altered Beast Aladdin Earthworm Jim and NHL 95 this book gives a behind the scenes look at the creation of some of the influential iconic and sometimes forgotten games on Sega s most important contribution to the game industry The interviewees reveal the challenges of working with mega publishers the uncertainties of public reception and the creative processes that produced some of the 16 bit era s classic titles

Holman Old Testament Commentary - Genesis Stephen J. Bramer, Kenneth Gangel, 2003-04-01 One in a series of twenty Old Testament verse by verse commentary books edited by Max Anders Includes discussion starters teaching plan and more Great for lay teachers and pastors alike Origins Ariel Adrean Roth, 1998 Are the worlds of science and religion irreconcilable Has modern science with its theory of evolution disproved the biblical account of the origin of life If one accepts the biblical account of origins does one then have to reject science Scientist and Christian believer Ariel A Roth argues that taken together science and religion give us a more complete and sensible understanding of the world around us our place in it and our ultimate meaning and fate Roth examines such topics as the evidence for evolution and creation the Flood the strengths and limitations of the scientific method and the reliability of Scripture He concludes that the biblical model of a recent creation by God leaves fewer unanswered questions than either science s evolutionary model or any view between the two positions such as progressive creation or theistic evolution Back cover
