Cordially Uninvited Blythe Dowling-Eversly, 2023-01-18 For as long as she s been able to sample her fair share of eligible bachelors Jennifer Corcoran has always preferred to look at her life as being temporarily obtainable rather than single Born and raised in the Big Apple she was literally taught to believe that the world was her oyster That world however slowly begins to unravel when she discovers a cascade of wedding invitations awaiting her response from the numerous friends she s cultivated over the years Unfortunately for Jenna being invited was never enough No each invitation has given her the option for the dreaded plus one Worried about the passive aggression she would be forced to endure should she attend solo Jenna with the help of older sister Julie cooks up a plan to hire a handsome stranger appropriately named Wynn to cover as her arm candy for the season What begins as a weekend side gig to pay the bills turns into something much greater for the struggling actor who notices the high class crowd that Jenna calls her circle For a guy who s been trying to hustle his way into a career for years hobnobbing with the one percent is the gift that keeps on giving With the pressure mounting to end this charade before it all blows up in her face Jenna pulls out all the stops in hopes of turning her cordially invited guest into a social pariah Her actions begging the question When you re already paddling in a sea of lies is one more stroke really gonna kill ya This is one invitation you re gonna regret turning down

Unreached Tim Chester, 2012-12-17 Think of the thriving evangelical churches in your area Chances are they will be in the nice areas of town and their leaders will be middle class Tim Chester once attended a lecture where the

speaker showed a map of Sheffield The council wards were coloured different shades according to social indicators educational achievement household income benefit recipients social housing criminal activity and so on Slide after slide showed that the east side of the city was the needy socially deprived half compared to the more prosperous west Where are the churches Counting all the various tribes of evangelicalism the large churches are on the west side The working class and deprived areas of our cities are not being reached with the gospel There are many exciting exceptions but the pattern is clear According to Mez McConnell from Niddrie Community Church in Edinburgh of the fifty worst housing schemes in Scotland half have no church and most of the others only have a dying church Very few have an evangelical witness This book is about reaching deprived urban working class areas often estates or schemes It offers us the combined experience of the Reaching the Unreached working group an informal network of Christian leaders from different parts of the UK This book doesn't claim to be the final word But it presents us with a vision of what can be done We pray that it will capture imaginations and start a vital process in our hearts and minds
