Audretsch, Albert N. Link, Mary Lindenstein Walshok, 2015-08-03 The local levels of economies have felt the impact of technological change and globalization These forces have triggered the need to understand the dynamic mechanisms that enable locales to respond to such changes For example the downsizing of traditional employers because of a major loss in market share due to new competitors acquisition by global firms or off shoring of production or services was traditionally thought to be beyond the scope of powers of local policy makers thinkers and business leaders In the world of practice those concerned about the economic performance of place city region or state are increasingly focused on how to adapt to these trends and leverage their existing resources to respond to these global challenges as a positive opportunity The Oxford Handbook of Local Competitiveness brings together some of the leading minds in the fields of business economics and the social sciences to identify articulate and analyze what influences and shapes local competitiveness and what places can do to enhance their economic performance The contributors to the Handbook provide a body of systematic analyses suggesting

that the local context is a critical element of the forces that shape competitiveness The challenges to generate and sustain economic performance vary across places and the factors and conditions that either enhance or impede competitiveness also are place specific Finally the characteristics and nature of what constitutes success also vary across places This Handbook is essential reading material for academics in the fields of economics and public policy as well as business leaders who hope to gain a more in depth understanding of their field Informative and intellectually rigorous The Oxford Handbook of Local Competitiveness is the definitive volume of scholarly analysis regarding the relationship between place and economic competition

Taking Vulnerabilities to Labour Exploitation Seriously Letizia Palumbo, 2024-10-21 This open access book intends to contribute to the debate on migrant labour exploitation by exploring the extent to which the EU and the European countries provide a standard for protecting migrant workers It moves from a socio legal and theoretical perspective and builds on critical studies on vulnerability exploitation trafficking and migrant labour regimes along with relevant feminist theories including theories on social reproduction while also drawing on extensive fieldwork By mobilising the concept of situational vulnerabilities the book critically investigates the assemblage and interaction of factors creating and amplifying migrant workers vulnerabilities to exploitation in the key sectors of agriculture and domestic work The aim is to highlight how situations of vulnerability to exploitation are generated and exacerbated by relevant legal and policy frameworks underlining and questioning the tensions continuities and ambiguities between different regimes such as the regimes regulating labour migration and those intended to combat severe exploitation While at national level the focus is on relevant Italian legal and policy instruments and approaches the book also offers a comparative look at those adopted in the UK This critical analysis considers labour exploitation both in its systemic dimension and as a continuum It sheds lights on how forms of exploitation are associated with different situational vulnerabilities produced by the interplay of personal and structural factors in line with a gender and intersectional approach By engaging an analysis of the ways in which the concepts of exploitation and vulnerability are addressed and formulated in various international European and national legal and policy instruments the study reveals the limitations and ambiguities of applicable legislation and policies The book is a great resource for students and academics in the field as well as legal practitioners and policymakers interested in human rights migration studies labour rights labour exploitation and gender related issues

Worlds of Labour in Latin America Paola Revilla Orías, Paulo Cruz Terra, Christian G. De Vito, 2022-01-19 This book reflects the development of Latin American labour history across broad geographical chronological and thematic perspectives which seek to review and revisit key concepts at different levels The contributions are closely linked to the most recent trends in Global Labour History and in turn they enrich those trends Here authors from Argentina Bolivia Brazil Mexico Peru and Spain take a historical and sociological perspective and analyse a series of problems relating to labour relations The chapters weave together different periods of Latin American colonial and republican history from the vice royalties of New Spain now Mexico and Peru the

Just One Rain Away Stephanie C. Kane, 2022-12-15 Not long ago it seemed flood control experts were close to mastering the unruly flows funnelling toward Hudson Bay and the Prairie city of Winnipeg But as more intense and out of synch flood events occur wary cities like Winnipeg continue to depend on systems and specifications that will soon be out of date Rivers have impulses that defy many of the basic human assumptions underpinning otherwise sophisticated technologies This is the river city expression of climate change In *Just One Rain Away* Stephanie Kane shows how geoscience engineering and law converge to affect flood control in Winnipeg She questions technicalities produced and maintained in tandem with settler folkways at the expense of the plural legal cultures of Indigenous nations The dynamics of this experimental ethnography feel familiar yet strange here many of the starring actors are not human Ice and water materializing as bodies elements and digital signals act with diatoms diversions sensors sandbags and satellites looping theories about glacial erratics and feminist science studies into scenes from neighbourhood parks conferences survey maps plays archival photos a novel an emergency press conference LiDAR images and a lab experiment in a bathtub Through storytelling and environmental analytics *Just One Rain Away* provides a starting point for cross cultural discussions about how expert knowledge and practice should inform egalitarian decision making about flood control and more broadly decolonize current ways of thinking being and becoming with rivers

The Rise of the Creative Class--Revisited Richard Florida, 2014-01-07 A provocative new way to think about why we live as we do today and where we might be headed Initially published in 2002 *The Rise of the Creative Class* quickly achieved classic status for its identification of forces then only beginning to reshape our economy geography and workplace Weaving story telling with original research Richard Florida identified a fundamental shift linking a host of seemingly unrelated changes in American society the growing importance of creativity in people s work lives and the emergence of a class of people unified by their engagement in creative work Millions of us were beginning to work and live much as creative types like artists and scientists always had Florida observed and this Creative Class was determining how the workplace was organized what companies would prosper or go bankrupt and even which cities would thrive In *The Rise of the Creative Class Revisited* Florida further refines his occupational demographic psychological and economic profile of the Creative Class incorporates a decade of research and adds five new chapters covering the global effects of the Creative Class and exploring the factors that shape quality of place in our changing cities and suburbs

Gender Equality Policy in the European Union Ingrid Bego, 2015-07-14 One of the solutions proposed by the European Union to remedy the effects of the 2008 economic crisis is to increase female labour participation This book explores the policy changes in four new member states that may reduce the gender employment gap and improve women s equal participation in the labour force

Global Developments in Public Infrastructure Procurement Darrin Grimsey, Mervyn K. Lewis, 2017-11-24 There is widespread acceptance of the importance of infrastructure but less agreement about how it

should be funded and procured While most public infrastructure is still provided in house or by traditional procurement methods with well researched strengths and weaknesses the development of service concession arrangements has seen a greater emphasis on lifecycle costing risk assessment and asset design as featured in a variety of public private partnership PPP delivery models This book examines the various procurement approaches and provides a framework for comparing their advantages and disadvantages Drawing on international experience it considers some of the best and worst examples of PPPs and infrastructure projects generally along with the lessons for improving infrastructure procurement processes The Mining Journal, Railway and Commercial Gazette ,1891 □□ □□□□□,2021-08-31 COVID 19 311 2019 COVID 19 COVID 19 Niall Ferguson Paul Krugman Henry Kissinger Pankaj Mishra Fareed Zakaria 1964 Bloomberg 2021 3 rutkking gmail com peixingliao gmail com warren1_liu hotmail com *Who's who in America* ,1995
