**The Short Story and the First World War** Ann-Marie Einhaus, 2013-07-31 Covering a range of topics settings and styles the book offers the first comprehensive study of short fiction from the First World War **British Literature of**

**World War I, Volume 2** Andrew Maunder, Angela K Smith, Jane Potter, Trudi Tate, 2017-09-29 Given the popular and scholarly interest in the First World War it is surprising how little contemporary literary work is available This five volume reset edition aims to redress this balance making available an extensive collection of newly edited short stories novels and plays from 1914 19 **Reimagining the War Memorial, Reinterpreting the Great War** Marzena

Sokołowska-Paryż, 2012-03-15 Reimagining the War Memorial Reinterpreting the Great War The Formats of British Commemorative Fiction is an in depth analysis of the role of British war memorials in literature and film in the wider context of the commemorative trend in contemporary culture The Sheffield City Battalion Memorial the Menin Gate Memorial the Thiepval Memorial to the Missing of the Somme the Royal Artillery Memorial and the Shot at Dawn Memorial are the focus of the discussion which aims to show how the meanings assigned to specific war memorials create ideologically diverse interpretations of the British experience of the Great War ranging from the futility myth to the imperial sublime The epistemological ambivalence of the war memorial lies at the heart of the analysis of the selected novels films and plays for the condemnation of a military conflict as a historical evil does not necessarily exclude the possibility of honouring the men who fought in it *Handbook of British Literature and Culture of the First World War* Ralf Schneider, Jane Potter, 2021-09-20

The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War

The Routledge Companion to Britain in the Twentieth Century , *The Cambridge Companion to War Writing* Catherine

Mary McLoughlin, 2009-07-16 This Companion covers British and American war writing from Beowulf to Don DeLillo

Nadel, 1988 Paper reissue of the 1972 edition Crane argues that the social institution responsible for the growth of scientific knowledge is the small group of highly productive scientists who sharing the same field of study set priorities for research recruit and train students communicate with one another and thus monitor the rapidly changing structure of knowledge in their field First published hardcover in 1988 Nadel exposes some of the ways Ellison situates Invisible man in regard to the American literary tradition comments on that tradition and in doing so alters it Annotation copyrighted by Book News Inc Portland OR **The Last Great War** Adrian Gregory, 2008-10-16 What was it that the British people believed they were

fighting for in 1914 18 This compelling history of the British home front during the First World War offers an entirely new account of how British society understood and endured the war Drawing on official archives memoirs diaries and letters Adrian Gregory sheds new light on the public reaction to the war examining the role of propaganda and rumour in fostering patriotism and hatred of the enemy He shows the importance of the ethic of volunteerism and the rhetoric of sacrifice in debates over where the burdens of war should fall as well as the influence of religious ideas on wartime culture As the war drew to a climax and tensions about the distribution of sacrifices threatened to tear society apart he shows how victory and the processes of commemoration helped create a fiction of a society united in grief *Love and Death in the Great War*

Andrew J. Huebner, 2018-02-01 Americans today harbor no strong or consistent collective memory of the First World War Ask why the country fought or what they accomplished and democracy is the most likely if vague response The circulation of confusing or lofty rationales for intervention began as soon as President Woodrow Wilson secured a war declaration in April 1917 Yet amid those shifting justifications *Love and Death in the Great War* argues was a more durable and resonant one Americans would fight for home and family Officials in the military and government grasping this crucial reality invested the war with personal meaning as did popular culture Make your mother proud of you And the Old Red White and Blue went George Cohan s famous tune Over There Federal officials and their allies in public culture in short told the war story as a love story Intervention came at a moment when arbiters of traditional home and family were regarded as under pressure from all sides industrial work women s employment immigration urban vice woman suffrage and the imagined threat of black sexual aggression Alleged German crimes in France and Belgium seemed to further imperil women and children War promised to restore convention stabilize gender roles and sharpen male character *Love and Death in the Great War* tracks such ideas of redemptive war across public and private spaces policy and implementation home and front popular culture and personal correspondence In beautifully rendered prose Andrew J Huebner merges untold stories of ordinary men and women with a history of wartime culture Studying the radiating impact of war alongside the management of public opinion he recovers the conflict s emotional dimensions its everyday rhythms heartbreaking losses soaring possibilities and broken

promises      *The Great War of Words* Peter Buitenhuis, 2011-11-01 I wouldn't have had one of you stay at home though I had a dozen sons That is if it is the noble war they all say it is Surely they wouldn't deceive mothers J M Barrie In September 1914 twenty five of Britain's most distinguished authors met under the chairmanship of C F G Masterman head of the war propaganda bureau to discuss how they could assist the Allied effort They included such prominent figures as H G Wells Arnold Bennett John Galsworthy John Masefield John Buchan Edith Wharton and Henry James In *The Great War of Words* Peter Buitenhuis tells the hitherto unknown story of the secret collaboration between leading writers and the government He examines the propaganda books and articles they wrote and also the work of those opposed to the war such as G B Shaw and Bertrand Russell The official line was the urbane French and the decent British had to defend civilization against the savagery of the invading Huns However after the war many writers became deeply embittered about the Allied propaganda machine and their role in it There was a growing conviction that too many lies had been told and that in propagating Allied myths they had sacrificed the all important detachment of the writer Buitenhuis chronicles both the disillusionment of the former propagandists and the reaction against their elders by younger writers many of whom had served in the trenches The consequences for post war literature were profound the prestige and power of authorship dwindled significantly while the old rhetoric based on a widely held consensus collapsed and was replaced by lean ironic and often understated modes of writing

**The Great War in Irish Poetry** Fran Brearton, 2003 *The Great War in Irish Poetry* explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914-45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912-20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914-18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon      *Modernism, Media, and Propaganda* Mark Wollaeger, 2008-09-15 Though often defined as having opposite aims means and effects modernism and modern propaganda developed at the same time and influenced each other in surprising ways The professional propagandist emerged as one kind of information specialist the modernist writer as another Britain was particularly important to this double history By secretly hiring well known writers and intellectuals to

write for the government and by exploiting their control of new global information systems the British in World War I invented a new template for the manipulation of information that remains with us to this day Making a persuasive case for the importance of understanding modernism in the context of the history of modern propaganda *Modernism Media and Propaganda* also helps explain the origins of today's highly propagandized world *Modernism Media and Propaganda* integrates new archival research with fresh interpretations of British fiction and film to provide a comprehensive cultural history of the relationship between modernism and propaganda in Britain during the first half of the twentieth century From works by Joseph Conrad to propaganda films by Alfred Hitchcock and Orson Welles Mark Wollaeger traces the transition from literary to cinematic propaganda while offering compelling close readings of major fiction by Virginia Woolf Ford Madox Ford and James Joyce **Quarterly Review of Military Literature**, 1940 *The Tale of the Next Great War, 1871-1914* I. F. Clarke, 1995-11-01 This selection of short stories offers a return journey through the future as it used to be Time speeds backwards to the 1870s to the alpha point of modern futuristic fiction the opening years of that enchanted period before the First World War when Jules Verne H G Wells and many able writers delighted readers from Sydney to Seattle with their most original revelations of things to come In all their anticipations the dominant factor was the recognition that the new industrial societies would continue to evolve in obedience to the rate of change One major event that caused all to think furiously about the future was the Franco German War of 1870 The new weapons and the new methods of army organization had shown that the conduct of warfare was changing and in response to that perception of change a new form of fiction took on the task of describing the conduct of the war to come *The Scripps Newspapers Go to War, 1914-18* Dale Zacher, 2010-10-01 Before radio and television E W Scripps's twenty one newspapers major newswire service and prominent news syndication service comprised the first truly national media organization in the United States Dale E Zacher details the scope organization and character of the mighty Scripps empire during World War I and reveals how the pressures of the market government censorship propaganda and progressivism transformed news coverage Zacher's account delves into details inside a major newspaper operation during World War I and provides fascinating accounts of its struggles with competition attending to patriotic duties and internal editorial dissent Zacher also looks at war related issues considering the newspapers relationship with President Woodrow Wilson American neutrality the move to join the war and fallout from disillusionment over the actuality of war As Zacher shows the progressive spirit and political independence at the Scripps newspapers came under attack and was changed forever during the era *National Summaries* United States. National Office of Vital Statistics, 1941 *The Saturday Review of Politics, Literature, Science and Art*, 1914 **Why America Fights** Susan A. Brewer, 2011-03-17 *Why America Fights* explores how the U S government has sold war aims designed to rally public support throughout the 20th century
