Realms of the Deathless Greg Keyes, 2022-09-27 Greg Keyes has always been a skilled storyteller Terry Brooks New York Times bestselling author *The Curse* shaped Aster's life from birth At first she believed her father was its only victim and determined to save him from it In doing so she learned that the Curse had stricken everyone in the magical realms known as the Kingdoms and that in an attempt to protect her her father had himself created it Now he is dead a victim of his own sorcery But the Curse has not ended with him Her father's actions his dread spell were only the shadows cast by a much deeper older conflict which is now unwinding the universe itself As the sun fades and the stars wink out Aster must follow a clue from her dead father to the highest furthest domain beyond the fairy tale kingdoms through fantastic and terrifying realms of gods and demons to the very source of reality the beginning and ending of everything There she might finally set things right Her path is narrow and the sacrifices necessary for even a tiny chance at success are unacceptable For the Curse has also released a rot at the very heart of the High and Faraway an evil more ancient than time itself It is against this unwavering malevolence that Aster Errol Billy Dusk and Delia must pit themselves They must do so without their friend Veronica a girl murdered decades before and brought back to life by Aster's magic For as Veronica discovers her own vast power she stares into the face of the enemy and sees in it her true self

Morningstar David Gemmell,2011-06-01 There was nothing Jarek Mace wouldn t do for the right price including becoming a hero The Angostin hordes raged over the Southern Borders Evil sorcery ruled and the vampyre kings lived once more The Highland people were in much need of a great hero Jarek Mace needed nothing and no one not even that bard Owen Odell with whom he now traveled But when Mace harassed the Angostins for his own purposes he inadvertently aided the Highland people And now he was being hailed as a hero a legend the great Morningstar returned But Owen Odell knew the real man behind the people s tales Mace was an outlaw a bandit a heartless thief He was no savior of the people He was no legend Or was he It seems that every time I read a new David Gemmell novel it is better than the last and *Morningstar* is no exception The main difference between the book and the myths it draws upon is that Gemmell includes some of the less savory characters who we suspect may have been at the basis of both Robin and Arthur Starburst

[Planet of the Apes](#) Sean Egan,2021-12-01 *Planet of the Apes* started life in 1963 as a quirky work by Pierre Boulle the French literary novelist famous for *The Bridge over the River Kwai* His concept of a world where humans are ruled over by apes proceeded to become one of the biggest multi media sensations in history The 1968 Charlton Heston motion picture adaptation of Boulle s book was celebrated and successful but was just the beginning By 1973 said picture had spawned four sequels It then spun off a live action TV series which in turn spun off the animated TV show *Return to the Planet of the Apes* With this comic books novelizations and a tsunami of merchandising the late 60s and first half of the 70s had a distinctly simian flavor A new generation was introduced to the concept when in 2001 Tim Burton s updating of the series appeared in cinemas This itself was rebooted a decade later in the form of *Rise of the Planet of the Apes* and its two sequels Yet despite all the fantasy and money chasing the series has always been marked by thoughtfulness exploring serious themes alien to most franchises *Planet of the Apes The Complete History* explores every aspect of this phenomenon from books to films comic books to television shows and video games to merchandise providing an overview that is truly definitive With the help of new and exclusive interviews with *Planet of the Apes* producers directors writers actors and makeup artists Sean Egan attempts to gain an understanding of how a media property changed the world
