

Some argue that people's lives ~~is-are~~ happiest during teen period when we are teenagers, while others believe that ~~the~~ adulthood brings more happiness although there are greater ~~responsibility~~ responsibilities. In my opinion, I believe that young peoples' lives are ~~happiest~~ happier than adults.

[You have paraphrased the question which is good, but you should try not to make mistakes with synonyms. If you are not sure about a synonym, don't use it. You have given a clear opinion, so well done. You could also write an outline statement, stating the main points your essay will discuss. See my guide on introductions below.]

First at all, from an ~~economical~~ economic point of view, teenagers are not aware about the conditions that exists in ~~the~~ daily life. For instance, most teens do not know the facts that affect the ~~country~~ economy such as oil prices ~~in the world~~. Secondly, although it is very common that young peoples do some jobs in present times, most teenagers do not have financial responsibilities like rents or housing costs owing to their parents ~~afford these~~ paying for these costs.

[You have made a clear point and explained it well with reference to the question. You could make your example a little more specific. See below for advice on how to do this.]

Another good reason to state that ~~teenager~~ teenage years are the best times in ~~people's~~ our lives, is that -during school ~~periods~~ young students are focused mainly ~~in on~~ the academic ~~environment~~. Consequently, teens live their life in a happy scenario in which the connected activities like ~~sportive championships~~ sporting endeavors, music festivals and even scientific competitions represent the daily duties ~~that young peoples should deal with~~.

[You have explained your point but you need to give a specific example.]

~~Finally, from~~ From a social perspective, teenagers do not fear ~~about~~ social concepts or discrimination. As a result, they live ~~as they consider~~ freely, in whatever way they want. For example, most teens are involved in sport activities, and ~~voluntaries~~ voluntary organizations as well. Those relationships ~~undoubtedly are~~ are very ~~undoubtedly very~~ common among young people rather than adults.

[This is another paragraph about how teenagers are happy. You have already discussed this in the two previous chapters. It would have been much better if you used this chapter to discuss why adults are as happy as teenagers. The question asks you to discuss both views, so you should do this.]

In conclusion, teenagers years are the happiest for most people due to the activities they normally do. There are not ~~worries~~ worried about current affairs like oil markets or political situations. ~~Teenagers commonly are not influenced by social gossip~~. In addition, school times are very important ~~in the teenagers~~ because the positive influence that it has in young's lives.

[You have restated your opinion. Well done. You have summarised your main points well, but please don't include any new information in a conclusion e.g. social gossip.]
