Privatization Processes in Eastern Europe Mario Baldassarri, Luigi Paganetto, Edmund S. Phelps, 1993-12-15 Privatising firms and liberalizing their market environment generates in Eastern Europe a variety of problems many of which are not common to the analogous attempts in industries countries A first difference between the two experiences resides in

establishing the value of the firm or of the assets that are being privatized A second main difference concerns the lack of the record of market performance for the firm The book explores these open questions through an overview of on going and proposed processes in Section 1 In Section 2 theoretical foundations of privatization processes are proposed with respect to the financial market industrial relations and foreign trade A final key question is faced in Section 3 is there any alternative to privatization
