

Manchester Triage System Manual

Belinda Nell

Manchester Triage System Manual:

Trauma Care Manual Ian Greaves, Sir Keith Porter, Jeff Garner, 2021-11-28 The Trauma Care Manual 3e is the definitive evidence based manual of best trauma practice Now in its third edition this valuable book continues to provide clear practical guidelines for the management of victims of major trauma New coverage includes chapters on abdominal and urological trauma as well as trauma in the obese patient Also included is coverage of pre hospital management trauma centres systems modern trauma resuscitation trauma physiology damage control surgery Written by members of Trauma Care this book offers a nationally accepted set of standards for good practice

Emergency Triage Advanced Life Support Group (ALSG), 2015-07-15 Emergency Triage Telephone Triage and Advice complements the highly successful Emergency Triage The algorithms are rooted in the Manchester Triage System MTS which is used in hospitals around the world and which is acknowledged as an effective means of clinical prioritisation This telephone iteration of a triage system which prioritises millions of patients each year provides a robust safe evidence based system for managing the clinical risk in patients who are at a distance from health care providers The basic principles that drive the MTS remain but this book addresses the specific difficulties of assessment by telephone The possible triage outcomes are face to face now face to face soon and face to face later together with a self care option Information and advice is suggested at every level The advice ranges from life saving interventions which can be carried out until health care arrives to self care instructions Emergency Triage Telephone Triage and Advice provides all the necessary information that telephone triage staff must have to hand as well as including examples of questions to be asked It will be a valuable resource for staff working in emergency departments health centres and telephone triage organisations Furthermore hospitals that are already using Emergency Triage will benefit from being linked with a telephone triage system that follows the same protocols Updated to Version 1.7 in 2023
