Mystery Unveiled Paul C. H. Lim,2012-08-13 Winner of the Sixteenth Century Society s Roland H Bainton Prize for History or Theology Paul C H Lim offers an insightful examination of the polemical debates about the doctrine of the Trinity in seventeenth century England showing that the philosophical and theological re configuration of this doctrine had a significant impact on the politics of religion in the early modern period Lim s analysis of these heated polemics shows how Trinitarian God talk became untenable in many ecclesiastical and philosophical circles leading to the emergence of Unitarianism He demonstrates that those who continued to uphold Trinitarian doctrine articulated their piety and theological perspectives in an increasingly secularized culture of discourse Drawing on both unexplored manuscripts and well known treatises of Continental and English provenance he uncovers the complex layers of the polemic from biblical exegesis to reception history of patristic authorities from popular religious radicalism during the Civil War to Puritan spirituality from Continental Socinians to English anti Trinitarians who claimed an independent theological identity from the notion of the Platonic captivity of primitive Christianity to that of Plato as Moses Atticus Among this book s surprising findings are that Anti Trinitarian sentiment arose in a Puritan ambience in which biblical literalism overrode rationalistic presuppositions and that theology and philosophy were more closely connected during this period than previously thought Mystery Unveiled fills a significant lacuna in early modern English intellectual history

for the rise of a political movement which was to shape South African history profoundly during the 20th Century In the 1930s Afrikaner nationalism transformed itself from a populist into a cultural nationalism becoming politically radicalised at the same time The nationalist symbol of the oxwagon was used not only by the National Party but also by the extra and antiparliamentarian mass movement Ossewabrandwag which was founded in 1939 Drawing on a broad range of archival resources the social history of this extremist organisation is analysed showing local and regional differences The Ossewabrandwag as a nationalist movement counted a considerable part of the Afrikaans white population among its members Therefore the Ossewabrandwag can be understood appropriately only in the context of radical Afrikaner nationalism Given that the potential for political radicalisation in the white South African population was considerable ideological influences from overseas played merely an additional role The book looks into the reasons for the mass participation in the Ossewabrandwag In addition it analyses the organisation's fight with the National Party and its illegal and treasonable activities In this context the book discusses which ideological influences on the apartheid policy can be identified as coming from organised right wing extremism Enlightened Absence Ruth Salvaggio,1988 *Staging and Performing Translation* R.
