**Override Economy** Alan Nasser,2018-06-20 From industrialisation to the present day Override Economy is a genealogy of the emergence of a finance ridden authoritarian austerity plagued American capitalism This panoramic political economic history of the country surveys the ruthlessly competitive capitalism of the nineteenth century the maturation of industrial capitalism in the 1920s the rise and fall of capitalism s Golden Age and the ensuing decline towards the modern era Alan Nasser shows why the emergence of the persistent austerity of financialised neoliberal capitalism is the natural outcome of mature capitalism s evolution revealing both the key structural and political vulnerabilities of capitalism itself and points towards the kind of system that can transcend it At the centre of the argument is capitalism s ultimatum either a new normal of persistent austerity declining democracy and a privatised state or a polity and economy characterised by an economic democracy that can ensure both higher wages and a shorter working week *Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)* Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events [The 2017 Hampton Reader](#) Colin Jenkins,2019-06-01 Through dozens of diverse and timely political essays and analyses this book addresses the most pressing problems of our contemporary world Instead of the tired detached academic inquiry that permeates from institutions of higher education these pages contain writings that have been produced by political organizers and revolutionaries throughout the course of their daily activity in social economic and political movements The 2017 Hampton Reader includes the most popular essays from The Hampton Institute A Working Class Think Tank The Hampton Institute is an intellectual and political organization that seeks to develop the working class into a self conscious class for itself capable of fundamentally changing the nature of society The essays herein are the products of a collective of organic intellectuals united by the task of clarifying our political moment sparking a revival in working class intellectualism and pushing the revolutionary struggles of our day forward *The Collapse of Venezuela* Francisco Rodríguez,2025-03-15 The Collapse of Venezuela documents Venezuela s economic implosion as politicians adopted strategies that severely harmed the economy in their struggle for power Between 2012 and 2020 Venezuela suffered the largest economic contraction ever documented

outside of wartime This collapse was caused not just by the failure of an economic model but also the deeper failure of its political system to manage the conflicts inherent to a polarized society The Collapse of Venezuela argues that when the stakes of power are high politicians have an incentive to adopt political strategies that directly harm the economy Author Francisco Rodr guez describes these scorched earth strategies and shows how politicians used these methods to target the Venezuelan economy in their fight for power Ultimately the conflicting sides have trapped the economy in a catastrophic stalemate that has destroyed the country s living standards and turned the economy into a political battlefield By charting Venezuela s experience with scorched earth politics Rodr guez reveals an essential cautionary tale for other democracies around the globe
