Growing Up Religious Robert Wuthnow,2000-03-10 Wuthnow provides a unique window into the religious psyche of ordinary Americans Zachary Karabell Los Angeles Times Memories of religious experiences remain in our minds like few others In Growing Up Religious Robert Wuthnow the most informed and insightful commentator on American religion today Harvey Cox follows the lives of ordinary people to see how their childhood experiences inform both their adult sense of spirituality and their relation to issues of faith and tradition *Growing in Christian Morality* Julia Ahlers,Barbara Allaire,Carl Koch,1996 A Christian morality course designed to be part of the religion curriculum within a Catholic high school The course focuses on character development **Growing Up Evangelical** Peter Ward,2013-04-29 This groundbreaking and provocative book charts the recent history and impact of Christian youth work It argues that the extraordinary growth of the evangelical movement in the UK can be attributed to its work among young people and demonstrates how the youth work of one generation shapes the adult church of a later one Peter Ward opens up vital areas of debate has youth work become primarily defensive rather than evangelical Are we afraid to engage creatively with modern culture What hope is there for the church of the future Growing Up Pentecostal J. Stephen Conn,2006-03 Growing up Pentecostalis the true confession of an ultimate insider among Pentecostal preacher s kids Only a person with J Stephen Conn s unique background could tell a story It is insightful at times uproariously funny and told with the sensitivity of a true believer Stephen grew up as the third of twelve children in the home of one of America s most prominent Pentecostal ministers This is a tale of his childhood antics and his spiritual odyssey He gives a disarmingly honest account of his struggle to come to terms with his own calling as he traveled throughout America as a teenage preacher This is an extraordinary and entertaining story of the Pentecostal Holiness movement during the mid twentieth century It gives a rare insight a human face to what has been the fastest growing branch of the Christian religion for the past one hundred years Beginning Well Gordon T. Smith,2001-08-17 Gordon T Smith contends that a chief cause of spiritual immaturity in the evangelical church is an inadequate theology of conversion Surveying Scripture spiritual autobiographies and a broad range of theologies of conversion he seeks to foster in the Christian community a dynamic language of conversion that leads to spiritual transformation and mature Christian living **Christian Parenting** David P. Setran,2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the varying ways American Protestants envisioned the task of

childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God s love that models Christlike sacrifice and guides children into the arms of their Creator

A History of Christian Conversion David W. Kling, 2020-05-05

Memoirs of a Joyous Exile and a Worldly Christian James M. Houston, 2019-12-06 This book traces personal memoirs to encourage others in their personal sense of insecurity to be freed by God s grace to become bold

in Christ It binds memoirs of the inner self with one's opportunities of public service Two highlights are recorded how three Soviet leaders as Christians negotiated with three American Christian leaders to prevent a nuclear holocaust and how crowds saying the Lord's prayer as they marched into Romanian towns overcame the dictatorship The Western press has never recorded both of these events *The Dangers of Growing Up in a Christian Home* Donald E. Conceptualisation of the Christian Life in John Henry Newman's Parochial and Plain Sermons Marcin

Kuczok, 2014-03-17 This book analyses the conceptual mechanisms behind the notion of The Christian Life in the collection of sermons preached by John Henry Newman 1801-1890 and published in eight volumes as Parochial and Plain Sermons 1834-1843 The study utilises tools of cognitive semantics such as the theory of conceptual metaphor and metonymy and the theory of conceptual integration Cognitivism offers an integral perspective on language and is gaining in popularity among scholars in the whole world The book identifies a number of metaphorical models of The Christian Life in Newman's sermons based on structural metaphors such as A Journey A Race A Trial and Family Life as well as some models based on ontological metaphors such as animalisations The Sheepfold metaphor vegetalisations the Christ is a Plant metaphor and reifications The Gift metaphor Each of the models constitutes a coherent set of metaphors metonymies and metaphonymies present throughout the whole of Newman's Parochial and Plain Sermons It is also shown that the conceptualisation of The Christian Life is based on conceptual blending between conventional metaphors functioning in everyday English and the transcendental conceptual domain of Christianity The book will be of interest to linguists particularly those interested in cognitive linguistics as well as to theologians especially those focused on the theory of preaching and to everyone interested in the legacy of John Henry Newman *Christian Thought*, 1891 **Why Christian?** Douglas John Hall, 1998-01-01 In

these dialogues with doubt Douglas John Hall enters into an earnest search with a young inquirer who is on the edges of Christian faith Half familiar with superficial aspects of Christianity hopeful of there being greater depth than found so far she or he is curious insistent looking for something to believe in but not ready to leap without good reason Such as person is asking Why be Christian From publisher's description Moral entertainments, on the most important practical truths of the Christian religion Robert Manning, 1825 Growing Up into the Children of God David Newman, 2019-04-01 David

Newman reflects on what it means for Christians to grow to be mature members of the body of Christ with faith in a God who acts and themselves actively engaged in the church and the world **Growing Up Protestant** Margaret Lamberts

Bendroth, 2002 Home and family are key yet relatively unexplored dimensions of religion in the contemporary United States American cultural lore is replete with images of saintly nineteenth century American mothers and their children During the twentieth century however the form and function of the American family have changed radically and religious beliefs have evolved under the challenges of modernity As these transformations took place how did religion manage to fit into modern family life In this book Margaret Lamberts Bendroth examines the lives and beliefs of white middle class mainline Protestants

principally northern Presbyterians Baptists Methodists and Congregationalists who are theologically moderate or liberal Mainliners have pursued family issues for most of the twentieth century churning out hundreds of works on Christian childrearing Bendroth's book explores the role of family within a religious tradition that sees itself as America's cultural center In this balanced analysis the author traces the evolution of mainliners' roles in middle class American culture and sharpens our awareness of the ways in which the mainline Protestant experience has actually shaped and reflected the American sense of self
