The Governance Gap Penelope Simons,Audrey Macklin,2014-07-11 This book explores the persistence of the governance gap with respect to the human rights impacting conduct of transnational extractive corporations operating in zones of weak governance The authors launch their account with a fascinating case study of Talisman Energy s experience in Sudan informed by their own experience as members of the 1999 Canadian Assessment Mission to Sudan Harker Mission Drawing on new governance reflexive law and responsive law theories the authors assess legal and other non binding governance mechanisms that have emerged since that time including the UN Guiding Principles on Business and Human Rights They conclude that such mechanisms are incapable of systematically preventing human rights violating behaviour by transnational corporations or of assuring accountability of these actors or recompense for victims of such violations The authors contend that home state regulation while not a silver bullet has a crucial role to play in regulating such conduct They pick up where UN Special Representative John Ruggie s Guiding Principles on Business and Human Rights left off and propose an innovative robust and adaptable template for strengthening the regulatory framework of home states Their model draws insights from the theoretical literature leverages existing public private transnational national soft and hard regulatory tools and harnesses the specific strengths of state based governance This book will be of interest to academics policy makers students civil society and business leaders

Budget of the United States Government United States. Office of Management and Budget,2012 Seychelles
International Monetary Fund. African Dept.,2013-01-30 Resilient growth is observed in 2012 in Seychelles Weakness in tourism has been offset by increases from less traditional markets The current account and adjustments has administered prices in the second half of 2011 and a cycle of depreciation and inflation ensued The fiscal accounts suffered in the first half of 2012 from the restructuring arrangement for Air Seychelles The banking system remains solid and continues to maintain healthy capital adequacy ratios Despite strong program performance Seychelles remains highly vulnerable to external shocks

Leading Value Creation M. Barney,2013-12-18 Every business discipline has a unique vantage point on value creation and destruction and while specialists have devised solutions leaders rarely use them because of the inherent complexity in trying to understand which parts fit together to help them achieve goals The result is a sort of business Tower of Babel for

practicing leaders and organizational scientists alike Leading Value Creation fills this void as the first book to take organizational science and place it into one coherent and useful model Barney integrates vastly different areas of organizational science into his Cue See Model which builds upon his experience developing global leaders at companies like Motorola Merck and Infosys The model is a way to help leaders better create value and mitigate risk It highlights the flow of value across four perspectives quality cost quantity and cycle time and also looks across levels of analysis for a holistic view on the bottlenecks to value creation as the best focal point for organizations to succeed Barney provides numerous practical examples from pharmaceuticals to barbershops and summarizes six empirical studies demonstrating the model s usefulness
