Aletha Hendrickson

John Lannon The Writing Process 11th Edition:

The Writing Process John M. Lannon, 1992 *Recording for the Blind & Dyslexic, ... Catalog of Books*, 1996 *The Winning Brief: 100 Tips for Persuasive Briefing in Trial and Appellate Courts* Bryan A. Garner, 2004-02-13

Good legal writing wins court cases. In its first edition, *The Winning Brief* proved that the key to writing well is understanding the judicial readership. Now in a revised and updated version of this modern classic, Bryan A. Garner explains the art of effective writing in 100 concise, practical, and easy-to-use sections. Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words, these tips add up to the most compelling, orderly, and visually appealing brief that an advocate can present. In Garner's view, good writing is good thinking put to paper. Never write a sentence that you couldn't easily speak, he warns, and demonstrates how to do just that. Beginning each tip with a set of quotable quotes from experts, he then gives masterly advice on building sound paragraphs, drafting crisp sentences, choosing the best words, striking pursuant to your vocabulary, quoting authority, citing sources, and designing a document that looks as impressive as it reads. Throughout, he shows how to edit for maximal impact using vivid before-and-after examples that apply the basics of rhetoric to persuasive writing. Filled with examples of good and bad writing from actual briefs filed in courts of all types, *The Winning Brief* also covers the new appellate rules for preparing federal briefs. Constantly collecting material from his seminars and polling judges for their preferences, the second edition delivers the same solid guidelines with even more supporting evidence. Including, for the first time, sections on the ever-changing rules of acceptable legal writing, Garner's new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases. An invaluable resource for attorneys, law clerks, judges, paralegals, law students, and their teachers, *The Winning Brief* has the qualities that make all of Garner's books so popular: authority, accessibility, and page after page of techniques that work. If you're writing to win a case, this book shouldn't merely be on your shelf; it should be open on your desk.

A Bibliography on Writing and Written Language Konrad Ehlich, Florian Coulmas, Gabriele Graefen, 2011-06-01

The bibliography offers information on research about writing and written language over the past 50 years. No comprehensive bibliography on this subject has been published since Sattler's 1935 handbook. With a selection of some 27,500 titles, it covers the most important literature in all scientific fields relating to writing. Emphasis has been placed on the interdisciplinary organization of the bibliography, creating many points of common interest for literacy experts, educationalists, psychologists, sociologists, linguists, cultural anthropologists, and historians. The bibliography is organized in such a way as to provide the specialist as well as the researcher in neighboring disciplines with access to the relevant literature on writing in a given field. While necessarily selective, it also offers information on more specialized bibliographies. In addition, an overview of norms and standards concerning script and writing will prove very useful for non-professional readers. It is therefore also of interest to the generally interested public as a reference work for the humanities.
