A Call to Action:

Regulate Use of Cell Phones on the Road

When a cell phone goes off in a classroom or at a concert, we are irritated, but at least our lives are not endangered. When we are on the road, however, irresponsible cell phone users are more than irritating: They are putting our lives at risk. Many of us have witnessed drivers so distracted by dialing and chatting that they resemble drunk drivers, weaving between lanes, for example, or nearly running down pedestrians in crosswalks. A number of bills to regulate use of cell phones on the road have been introduced in state legislatures, and the time has come to push for their passage. Regulation is needed because drivers using phones are seriously impaired and because laws on negligent and reckless driving are not sufficient to punish offenders.

Early in November, two-year-old Morgan Pena was killed by a driver distracted by his cell phone. Morgan's mother, Patti Pena, reports that the driver "ran a stop sign at 45 mph, broadsided my vehicle and killed Morgan as she sat in her car seat." A week later, corrections officer Shannon Smith, who was guarding prisoners by the side of the road, was killed by a woman distracted by a phone call (Besthoff). On Thanksgiving weekend that same month, John and Carole Hall were killed when a Naval

Horst, Peter Kolenich, 2017-06-13 The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time. This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer's Handbook. Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper. This step by step approach allows students to construct knowledge as they become more familiar with the process, making writing a research paper a less intimidating task. Special features: This guide uses simple direct language for those for whom writing a research paper is new. Most example writing is from international students in an ESL program or first year writing class, including two sample papers, one in APA and one in MLA. A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft. A subsection dedicated to constructing clear and cohesive paragraphs and sentences. The guide includes citation and style examples in MLA 8th edition.
