#### JOB DESCRIPTION

**Signal Maintainers**, under supervision, maintain, install, inspect, test, alter and repair MTA New York City Transit's railroad signal systems on the road and in the shop. They maintain, service and repair various types of railroad signal equipment, including all-electric, electro-pneumatic, optical, all-relay and mechanical interlocking machines, centralized traffic control machines, electronic code systems, train identity systems, microprocessors, switch machines, automatic train stops, color light and semaphore signals, electronic train control and monitor systems, and related power and control equipment. They keep records; drive a motor vehicle; and perform related work.

Some of the physical activities performed by Signal Maintainers and environmental conditions they experience are: working on or near train tracks where live high voltage equipment is present; climbing and descending ladders and stairways; walking along trackways in dimly lit areas where tripping hazards may be present; when in work areas, being alert to warning whistles and the sound of oncoming trains; working outdoors in all weather conditions; carrying tools and equipment; and operating heavy machinery.

**Special Working Conditions:** Signal Maintainer may be required to work various shifts, including nights, Saturdays, Sundays and holidays.

(This brief description does not include all of the duties of this position.)

#### SALARY

The current minimum salary for Signal Maintainer is \$39.47 per hour for a 40-hour work week. This rate is subject to change.
