CHAPTER 1 CRITICAL THINKING, CLINICAL JUDGMENT, AND THE NURSING PROCESS

AUDIO CASE STUDY

Jane Practices Clinical Judgment

1. Identify and analyze cues; prioritize hypotheses; generate solutions; take action; evaluate outcomes; repeat.
2. Jane was exhausted, failed a test, and was pulled in too many directions. She was also crying in her car and had poor study habits and not enough sleep.
3. Jane's resources included a good friend, sick time from work, and wasted time between classes that she could better utilize. Your resources will be different, but they exist!
4. Critical thinking—the *why*: Jane uses critical thinking to determine why her current plan isn't working. She thinks honestly about her poor study habits, her time-management problems, and the impact this is having on her and her family.
Clinical judgment—the *do*: Jane uses her thinking to develop and carry out a plan that uses her resources and provides more productive study time and more quality time with her kids.

VOCABULARY

Sample sentences will vary for the Vocabulary problems.

Nursing process

Definition: An organizing framework that links thinking with nursing actions. Steps include assessment/data collection, nursing diagnosis, planning, implementation, and evaluation.

Definition: The use of those cognitive (knowledge) skills or strategies that increase the probability of a desirable outcome. Also involves reflection, problem-solving, and related thinking skills.

Clinical judgment

Definition: The observed outcome of critical thinking and decision making. A process that uses nursing knowledge

to collect appropriate data, identify a patient problem, and determine the best possible plan of action. Clinical judgment is based on good critical thinking.

Cue

Definition: Significant or relevant data. Not all data are cues (relevant), but all cues are data.

Collaboration

Definition: Working together with the health team to improve patient outcomes.

Intervention

Definition: Taking action to carry out a plan.

Evaluation

Definition: Comparing the outcomes you expected with actual outcomes. Did the plan work? Were expected outcomes met?

Vigilance

Definition: The act of being attentive, alert, and watchful.

CRITICAL THINKING AND CLINICAL JUDGMENT

Critical thinking and clinical judgment both follow a similar format. Both follow steps from collecting data to determining problems and outcomes, developing and taking actions, and evaluating outcomes. However, critical thinking helps you think *about* the problem; What is it? Why is it happening? And clinical judgment leads you to *do* something to manage the problem.

CUE RECOGNITION

You will do many things for each individual, but the FIRST thing is listed below.

1. Sit the patient upright.
2. Call 911 while running across the street.
3. Elevate the feet off the bed by placing a pillow under the calves and allowing the feet to hang off the edge of the pillow.
4. Check blood glucose and have a glucose source ready.

Contagious Faith Bible Study Guide plus Streaming Video Mark Mittelberg, 2021-12-28. What if you could find a way to share your faith in Jesus that feels natural, fits your personality, and ignites a fire in others? In this video-based evangelism training course, video streaming code included. Author of *Becoming a Contagious Christian*, Mark Mittelberg introduces five approaches to evangelism to help you determine which of them fit best with your unique gifts and personality: Friendship, Building, Selfless, Serving, Story, Sharing, Reason, Giving, Truth, Telling. As disciples of Christ, we are called to share the gospel, but few of us are naturally comfortable with evangelism. We wrestle with a sense of insecurity, a lack of preparation, and the sense that reaching out to others might force us to act like someone we're not. And many of us feel guilty when we fail to use an opportunity to talk about our faith, lowering our confidence even further. Building upon popular personality type methods, the Contagious Faith assessment will help you identify your primary style along with any secondary styles you discover. You'll learn next steps for developing and deploying your natural approach to evangelism and work through interactive prompts to practice the methods Mark unpacks in the videos. The Contagious Faith Study Guide can be used in small groups, classes, student ministries, and church-wide campaigns and has everything you need to participate, including the guide itself with discussion and personal reflection questions, prompts, video notes, and a leader's guide. An individual access code to stream all six video sessions online; you don't need to buy a DVD. An assessment quiz to help you determine your Contagious Faith style. The training videos also include short interviews with Mark and five individuals who speak and use each of the 5 faith sharing styles so that you can see them in action. Streaming video access code included. Access code subject to expiration after 12/31/2027. Code may be redeemed only by the recipient of this package. Code may not be transferred or sold separately from this package. Internet connection required. Void where prohibited, taxed, or restricted by law. Additional offer details inside.
