Improving Learning in South African Schools Cas H. Prinsloo, 2005 The QLP has been a multi level multi site educational intervention that aimed to improve learner performance in 524 South African high schools The QLP has been underpinned by the principle that mathematics and language are the foundations for all further learning Therefore educators at all grades in all learning areas also have to foster the development of better reading and writing skills This is why at educator and classroom level improvement of mathematics and reading and writing abilities have been the main foci of the QLP In order to ensure that schools get effective support and monitoring from districts and that the good practices gained from the project are institutionalised and therefore sustained the programme has also focused on the development of district systems and officials

*The Education Triple Cocktail* Brahm Fleisch, 2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like South Africa At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model Inspired by the AIDS treatment story the three pronged approach of structured daily lesson plans appropriate and high quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes For education systems defined by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents
