Le capital, la spéculation et la finance au XIXe siècle Claudio Jannet, 1892 **Le capital, la spéculation et la finance au 19e siècle** Claudio Jannet, 1892 *Le capital, la spéculation et la finance au XIXe. siècle* Claudio Jannet, 1892 **Le capital** Claudio Jannet, 1892 *Le capital, la spéculation et la finance au 19e siècle* Claudio Jannet, 1892 **Annals of the American Academy of Political and Social Science** American Academy of Political and Social Science, 1894 The Annals of the American Academy of Political and Social Science , 1894 *FRE-CAPITAL LA SPECULATION ET* Claudio 1844-1894 Jannet, 2016-08-27 **Born with a Copper Spoon** Robrecht Declercq, Duncan Money, Hans Otto Frøland, 2022-11-15 Over the past two centuries industrial societies hungry for copper essential for light power and communication have demanded ever increasing quantities of the metal Born with a Copper Spoon examines how the metal has been produced distributed controlled and sold on a global scale However this is not simply a narrative of ever increasing and deepening global connections It is also about periods of deglobalization fragmentation and attempts to sever connections Throughout history copper production has spawned its own practices technologies and a constantly changing political economy Large scale production has affected ecologies states and companies while creating and even destroying local communities dependent on volatile commodity markets Former president of Zambia Kenneth Kaunda once remarked that Zambians were born with a copper spoon in our mouths but few societies managed to profit from copper s abundance From copper cartels and the futures market to the consequences of resource nationalism Born with a Copper Spoon delivers a global perspective on one of the world s most important metals **The Literary Digest** , 1892 **Social Economics: Retrospect and Prospect** Mark A. Lutz, 2012-12-06 At the very heart of the conception of the present volume lies the conviction that social economics is a highly pluralistic discipline inspired and enriched by several often radically different world views Schumpeterian visions and at times even quite antagonistic social doctrines Yet in spite of all these differences social economists can nevertheless be seen and also approached as some kind of economic brotherhood for various reasons dissatisfied with the austere value free diet offered by the pOSitivistic neoclassical paradigm What all social economists seem to have in common is a profound interest in values and the process of valuation in order to more fully understand both economic behavior and the possibilities of improving the economic system Such a distinguishing characteristic is also well articulated and enshrined in Article I of the Constitution of the Association of Social Economics where we are told that the aims and objectives of the Association shall be 1 To foster research and publication centered on the reciprocal relationship between economic science and broader questions of human dignity ethical values and social philosophy and to encourage the efforts of all scholars who are dedicated to exploring the ethical presuppositions and implications of economic science 2 To consider the personal and social dimensions of economic problems and to assist in the formulation of economic policies consistent with a concern for ethical values and pluralistic community and the demands of personal dignity **Memoirs of**
