Le Livre de Sibille Philippe, 1979 **Livre de Chevalerie** Richard W. Kaeuper, Elspeth Kennedy, 1996-11 Charny was a knight who lived the chivalric life for nearly two decades in a manner thought ideal by his contemporaries dying appropriately in battle at Poitiers in 1356 He was also the first documented owner of the Shroud of Turin This volume establishes the cultural context in which Charny lived in the first section and sets forth in the second the French text of Charny's fascinating work alongside an English translation with full critical apparatus The Book of Chivalry is the most pragmatic of all surviving chivalric manuals Written at the height of the Hundred Years War it includes the essential commonplaces of knighthood in the mid fourteenth century and gives a close up view of what one knight in particular absorbed of the medieval world of ideas around him what he rejected or ignored and what he added from his experience in camp court and campaign Geoffroi de Charny was one of the quintessential figures of his age with honors and praise bestowed upon him from both sides of the English Channel He prepared the Book of Chivalry as a guide for members of the Company of the Star a new but short lived order of knights created by Jean II of France in 1352 to rival the English Order of the Garter This work proves a rich source for investigating questions about the political military religious and social history of the later Middle Ages The prowess and piety of knights their capacity to express themselves their common assumptions their views on masculine virtue women and love once more come vividly to life
