Mark Of Love:

The Theological Intentions of Mark's Literary Devices Dean B. Deppe, 2015-10-22 What sets The Theological Intentions of Mark's Literary Devices apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day **Truth and Love: sermons preached, in substance, in St. Mark's**

Love in Contemporary British Drama Korbinian Stöckl, 2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love's compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present

Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned **The Making of Romantic Love** William M. Reddy, 2012-08-30 Here Reddy illuminates the birth of a cultural movement that managed to regulate selfish desire and render it innocent or innocent enough Reddy strikes out from this historical moment on an exploration of love contrasting the medieval development of romantic love in Europe with contemporaneous eastern traditions in Bengal **Love's Labour's Lost** William Shakespeare, 1874 **Parenting with Love and Logic** Foster Cline, Jim Fay, 2020-09-08 A time tested parenting book with over 900 000 copies sold Now updated to address technology use screen time and social media Designed for preschool and beyond this helpful and practical psychology based parenting method is an invaluable guide for all parents Teach your children healthy responsibility and encourage their character growth from a young age Learn to establish healthy boundaries with your children through easy to implement steps without anger threats nagging or power struggles Trusted by generations of parents counselors and teachers to lovingly raise responsible children Parenting with Love and Logic includes solutions for dozens of specific topics such as Tantrums Managing screen time Grades and report cards Chores Getting ready for school Peer pressure Cyberbullying Navigating crisis situations and grief And much more Each issue is indexed for easy reference Learn how to tame tempers and re establish a calm healthy relationship and positive communication with your child today This is as close to an owner s manual for parents as you will find Now parents can embrace mistakes as wonderful learning opportunities to raise respectful responsible and caring children Gloria Sherman MA MED LPC cofounder Parenting Partnership I have been delighted to share the powerful yet simple wisdom of Jim Fay and Foster Cline with my counseling clients The principles in Parenting with Love and Logic are practical proven techniques that keep parents on track to raising responsible loving confident children Carol R Cole PhD LMFT Parenting with Love and Logic is a terrific book for parents that provides important concepts and practical solutions to help children become emotionally socially and morally healthy Terry M Levy PhD codirector of Evergreen Psychotherapy Center coauthor of Attachment Trauma and Healing Parenting with Love and Logic is an essential component for our schools parents and teachers Thousands of families have been positively impacted by the love and logic principles Leonard R Rezmierski PhD superintendent support administrator Wayne RESA *Catholic World* , 1920 For the Love of Thy Mother and Father Raynaldo Salvace, 2010-02 How many people have asked themselves and others Why are there so many people so angry enraged and with so much hate for group of people that are not as them that they go out and hurt kill some of them when they come across one of them Why are there so many men abusing hurting and killing their wife their children and other people Are we only blind to our own rights that we are not giving other people the right they deserve and should get Why are there so many young girls getting pregnant and when they have their babies they abandon them or kill them Why are there so many young women becoming prostitutes Why are there
