Cambridge International AS and A Level Travel and Tourism Coursebook Sue Stewart, Fiona Warburton, John D. Smith, 2016-01-04 Internationally focused textbook to support Cambridge International AS and A Level Travel and Tourism for first examination in 2017 Endorsed by Cambridge International Examinations this second edition of Cambridge International AS and A Level Travel and Tourism has been fully updated for the Cambridge Syllabus 9395 for examination from 2017 Written by experienced authors in an engaging and accessible style this Coursebook contains a wealth of internationally focussed case studies and links to the key concepts throughout This book offers comprehensive coverage with an international perspective and in depth analysis of topics Climate Change Law in China in Global Context Xiangbai He, Hao Zhang, Alexander Zahar, 2020-05-31 In Climate Change Law in China in Global Context seven climate change law scholars explain how the country's legal system is gradually being mobilized to support the reduction of greenhouse gas emissions in China and achieve adaptation to climate change There has been little English scholarship on the legal regime for climate change in China This volume addresses this gap in the literature and focuses on recent attempts by the country to build defences against the impacts of climate change and to meet the country's international obligations on mitigation The authors are not only interested in China's laws on paper rather the book explains how these laws are implemented and integrated in practice and sheds light on China's current laws laws in preparation the changing standing of law relative to policy and the further reforms that will be necessary in response to the 2015 Paris Agreement on Climate Change This comprehensive and critical account of the Chinese legal system's response to the pressures of climate change will be an important resource for scholars of international law environmental law and Chinese law **Modelling, Simulating and Forecasting Regional Climate and Weather** Hans Von Storch, Frauke Feser, Martin Stendel, Yinlong Xu, René Laprise, Izuru Takayabu, 2020-09-11 This eBook is a collection of articles from a Frontiers Research Topic Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series they are collections of at least ten articles all centered on a particular subject With their unique mix of varied contributions from Original Research to Review Articles Frontiers Research Topics unify the most influential researchers the latest key findings and historical advances in a hot research area Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office frontiersin.org about contact **How to Pool Risks Across Generations** Michael Otsuka, 2023-05-28 How to Pool Risks across Generations makes the case for the collective provision of pensions on fair terms of social cooperation Through the insurance of a mutual association which extends across society and over multiple generations we share one another's fates by pooling risks across both space and time Resources are transferred not simply between different people but also within the possible future lives of each person from one's more fortunate to one's less fortunate future selves The book opens with an investigation of the longevity and investment risk that even a single individual

on a desert island would face in providing for her old age From this atomistic starting point it builds up within and across the chapters to increasingly collective forms of pension provision By joining together it is possible to tame the risks we would face as individuals each with our own private pension pot A collective pension can be justified as a social union of social unions an enduring corporate body which is formed by agreements to pool risks in a manner that involves reciprocity between the various individuals that constitute the collective Even though all individuals age and die a collective pension scheme remains evergreen as the average age of members remains relatively unchanged through the influx of new members to replace those who retire It is therefore possible to smooth risks indefinitely across as well as within generations to the mutual advantage of each

The E-Toll Saga Wayne Duvenage,2015-07-01 The E Toll Saga recounts the journey of Wayne Duvenage from a conscientious corporate CEO into the role of civil activist putting all his energy and resources into fighting the controversial decision by those who sought to implement electronic tolling to finance a major road construction project in Gauteng the economic heartland of southern Africa The Opposition to Urban Tolling Alliance OUTA sprung up from nothing to a highly visible and trusted brand in the not for profit space in a matter of a few months in the process raising over R12 million for litigation and civil action While led by

Wayne OUTA's success was driven by a small group of people. As events unfolded, OUTA's legal challenges transformed into civil action testing the resolve and rationale of government and the South African National Roads Agency Limited (SANRAL) to continue with the toll scheme described by many as a disaster for SANRAL and an embarrassment for the South African government. *The E-Toll Saga* describes one man's inspiring personal story but it also contains valuable lessons on what makes a civil organisation effective and how to mobilise an active citizenry to work towards positive transformation in South Africa.

The Routledge Companion to Digital Humanities and Art History Kathryn Brown, 2020-04-15. The Routledge Companion to Digital Humanities and Art History offers a broad survey of cutting-edge intersections between digital technologies and the study of art history, museum practices, and cultural heritage. The volume focuses not only on new computational tools that have been developed for the study of artworks and their histories but also debates the disciplinary opportunities and challenges that have emerged in response to the use of digital resources and methodologies. Chapters cover a wide range of technical and conceptual themes that define the current state of the field and outline strategies for future development. This book offers a timely perspective on transdisciplinary developments that are reshaping art historical research, conservation, and teaching. This book will be of interest to scholars in art history, historical theory, method, and historiography, and research methods in education.

Hip Arthroscopy and Hip Joint Preservation Surgery Shane J. Nho, Asheesh Bedi, Michael J. Salata, Richard C. Mather III, Bryan T. Kelly, 2022-08-01. The field of hip preservation surgery has evolved over the past decade as our understanding of hip pathomechanics and pathomorphology has expanded. The published literature on non-arthritic hip pathology, for example, has grown exponentially. The topics of controversy in the past decade have been answered in some cases but new questions have also arisen. In addition to the 99 chapters in the original edition, most of which will be retained and updated as applicable, there will be over 30 brand new chapters focusing on new and more sophisticated techniques from authors that have been the pioneers of the field. The text is divided into nine thematic sections covering the breadth of the topic and the current state of the art: basic science of the hip, operative basics for hip arthroscopy and open hip preservation surgery, pediatric hip conditions, approaches to disorders of the hip and pelvis, enthesopathy and neuromuscular disorders, hip fractures and instability, avascular necrosis, hip cartilage restoration, and oncologic conditions. Throughout, there is a heavy emphasis on surgical techniques and video.

clips will be included in selected chapters Written by edited by thought leaders and seasoned practitioners in the field this new edition of Hip Arthroscopy and Hip Joint Preservation Surgery will remain the gold standard for orthopedic surgeons and sports medicine specialists expanding on the range of techniques available to clinicians treating injuries to and disorders of the hip
