trips Wearing jeans and T shirts to church Spiritual searching and church hopping Faith based political activism Seeker

sensitive outreach These now commonplace elements of American church life all began as innovative ways to reach young

people yet they have gradually become accepted as important parts of a spiritual ideal for all ages What on earth has

happened In *The Juvenilization of American Christianity* Thomas Bergler traces the way in which over seventy five years

youth ministries have breathed new vitality into four major American church traditions African American Evangelical

Mainline Protestant and Roman Catholic Bergler shows too how this juvenilization of churches has led to widespread

spiritual immaturity consumerism and self centeredness popularizing a feel good faith with neither intergenerational

community nor theological literacy Bergler's critique further offers constructive suggestions for taming juvenilization Watch

Lukabyo, 2020-09-30 At a time of unprecedented secularization and declining church attendance youth ministry in the twenty

first century should be doomed So why is Protestant youth ministry in Sydney vibrant and in many places growing This book

sets out to answer this question which is of such importance for the future of the Australian church A pioneering model of

youth ministry evolved in the 1930s and was already flourishing in churches schools and university by the 1950s Its early

high point was the Billy Graham Crusade of 1959 which may legitimately be seen as an Australian youth revival The new

model broke with past practice by cultivating ministry leadership by young people by promoting peer groups to nurture and

share faith and by fostering ministry collaboration between young men and women The model used by theological

conservatives and liberals alike and has proved both enduring and fruitful This book will engage with the model of youth

ministry and the religious experiences of young people in Sydney By reading it you will not only learn from the significant

achievements of young people in the past but be better equipped to creatively consider new methods of ministry for the

twenty first century *A Classified Bibliography of Youth Publications* International Council of Religious Education.
