**Haiti** Ricardo Seidenfus, 2020-08-06 After supporting Prival as the indispensable President of Haiti the United States and France grew increasingly antagonistic to him and were bent on preventing the election of his handpicked successor Jude Celestin In fact Seidenfus reveals that this antagonism reached the point where the Core Group led by Mulet attempted to remove Prival from office and send him into exile Had it not been for the intervention of Seidenfus himself Prival might well have had in Mulet's words to leave the presidency and abandon Haiti While the Core group failed to carry this gross and illegal coup it nonetheless succeeded in creating a process that changed the results of the first round of the presidential elections and opened the way to Martelly's election in the second round Seidenfus' explosive revelations are of great significance and deserve to be known by a wide audience In addition Seidenfus expands the thoughts he initially developed in an interview published in December 2010 that was highly critical of the international intervention in Haiti and that ultimately led to his firing by the OAS Haiti International Dilemmas and Failures shows convincingly that the intervention has been a failure It has not contributed to any significant economic development it has failed to stabilize the democratic transition and it has a deeply flawed record on establishing the institutions required for a secure environment He also makes the case that the agreements signed between the Haitian government and the UN allowing MINUSTAH to take control of the country were illegal they lacked the endorsement of Haiti's president and were thus unconstitutional Seidenfus is not only critical of the foreign community he has harsh words for the behavior of Haiti's venal political class and predatory elite While he has good things to say about Prival he is right in condemning his anarchic disdain for institutions and his slow and hesitant reaction to the earthquake Prival was no dictator and probably did more for national reconciliation than any other Haitian leader but he lacked a sense of purpose to guide the country in the aftermath of the devastating earthquake In

conclusion Seitenfus has written a provocative and most persuasive and detailed account of the travail of the foreign occupation of Haiti It will attract a wide audience Haitianists academics and professionals studying international relations humanitarian interventions the Caribbean Latin America and the UN will be interested in Haiti International Dilemmas and Failures Seitenfus has thus written an important and critical book that will become a must read for anyone interested in Haiti development and humanitarian interventions He shows persuasively that the type of foreign assistance that Haiti has been receiving does more harm than good I am convinced that Haiti International Dilemmas and Failures will be a major reference in Haitianist circles for a long time to come it is an eloquent challenge to the prevailing system of foreign assistance and imperial interference It is the work of a brave man and real humanist July 21 2020 Robert Fatton Jr Julia Cooper Professor of Politics Department of Politics University of Virginia     The Haiti Exception Alessandra Benedicty-Kokken, Kaiama L.

Glover, Mark Schuller, Jhon Picard Byron, 2016 This collection of essays considers the ways and extent of Haiti's exceptionalisation its perception in multiple arenas as definitively unique with respect not only to the countries of the North Atlantic but also to the rest of the Americas Painted at once as repulsive and attractive abject and resilient singular and exemplary Haiti has long been framed discursively by an extraordinary epistemological ambivalence The nation has served at once as cautionary tale model for humanitarian aid and development projects and point of origin for general theorizing of the so called Third World What to make of this dialectic of exemplarity and alterity How to pull apart this multivalent narrative so as to examine its constituent parts The contributors to The Haiti Exception take up these and other such questions from a variety of methodological and disciplinary perspectives among which Africana Studies anthrohistory art history Black Studies Caribbean Studies education ethnology Jewish Studies literary studies performance studies and urban studies As they revise and interrogate their respective praxes they accept the challenge of thinking about the particular stakes of and motivations for their own commitment to Haiti Engaging in the decidedly risky anthropological practice of reflexivity the scholars activists and other social actors gathered here consider their own often fraught role in constructing Haiti in and as narrative

Theology and Wes Craven David K. Goodin, 2023-08-08 Theology and Wes Craven explores the religious themes in the movies television shows and other works of the man who redefined the horror genre with such landmark and notorious films as *The Last House on the Left* 1972 *The Hills Have Eyes* 1977 *A Nightmare on Elm Street* 1984 *The Serpent and the Rainbow* 1988 *The People Under the Stairs* 1991 and *Scream* 1996 This volume provides a retrospective for his entire career and then spotlights his most theologically intriguing works in chapters devoted to revealing Craven's narrative intent This collection brings together established scholars and new emergent voices in academia including feminist and LGBTQ perspectives who explore Craven's vision in relation to contemporary political social and economic issues especially as they related to children visible minorities the excluded and the disenfranchised This volume is sure to be appreciated both by academics and horror enthusiasts everywhere     Narratives of Faith from the Haiti Earthquake Roger Philip Abbott, Robert S. White, 2019-05-31

This book presents an in depth ethnographic case study carried out in the years following the 2010 Haiti earthquake to present the role of faith beliefs in disaster response The earthquake is one of the most destructive on record and the aftermath including a cholera epidemic and ongoing humanitarian aid has continued for years following the catastrophe Based on dozens of interviews this book gives primacy to survivors narratives It begins by laying out the Haitian context before presenting an account of the earthquake from survivors perspectives It then explores in detail how the earthquake affected the religious mainly Christian faith of survivors and how religious faith influenced how they responded to and are recovering from the experience The account is also informed by geoscience and the accompanying complicating factors Finally the Haitian experience highlights the significant role that religious faith can play alongside other learned coping strategies in disaster response and recovery globally This book contributes an important case study to an emerging literature in which the influence of both religion and narrative is being recognised It will be of interest to scholars of any discipline concerned with disaster response including practical theology anthropology psychology geography Caribbean studies and earth science It will also provide a resource for non governmental organisations

**Confronting Black Jacobins** Gerald Horne, 2015-10-22 The Haitian Revolution the product of the first successful slave revolt was truly world historic in its impact When Haiti declared independence in 1804 the leading powers France Great Britain and Spain suffered an ignominious defeat and the New World was remade The island revolution also had a profound impact on Haiti's mainland neighbor the United States Inspiring the enslaved and partisans of emancipation while striking terror throughout the Southern slaveocracy it propelled the fledgling nation one step closer to civil war Gerald Horne's path breaking new work explores the complex and often fraught relationship between the United States and the island of Hispaniola Giving particular attention to the responses of African Americans Horne surveys the reaction in the United States to the revolutionary process in the nation that became Haiti the splitting of the island in 1844 which led to the formation of the Dominican Republic and the failed attempt by the United States to annex both in the 1870s Drawing upon a rich collection of archival and other primary source materials Horne deftly weaves together a disparate array of voices world leaders and diplomats slaveholders white abolitionists and the freedom fighters he terms Black Jacobins Horne at once illuminates the tangled conflicts of the colonial powers the commercial interests and imperial ambitions of U S elites and the brutality and tenacity of the American slaveholding class while never losing sight of the freedom struggles of Africans both on the island and on the mainland which sought the fulfillment of the emancipatory promise of 18th century republicanism

Approaches to Teaching the Works of Edwidge Danticat Celucien Joseph, Suchismita Banerjee, Marvin Hobson, Danny Hoey, Jr., 2019-09-20 Providing an intellectual interpretation to the work of Edwidge Danticat this new edited collection provides a pedagogical approach to teach and interpret her body of work in undergraduate and graduate classrooms Approaches to Teaching the Works of Edwidge Danticat starts out by exploring diasporic categories and postcolonial themes such as gender constructs cultural nationalism

cultural and communal identity and moves to investigate Danticat's human rights activism the immigrant experience the relationship between the particular and the universal and the violence of hegemony and imperialism in relationship with society family and community The Editors of the collection have carefully compiled works that show how Danticat's writings may help in building more compassionate and relational human communities that are grounded on the imperative of human dignity respect inclusion and peace

**Teaching, Reading, and Theorizing Caribbean Texts** Emily O'Dell, Jeanne Jégouso, 2020-08-17 Teaching Reading and Theorizing Caribbean Texts explores alternative approaches to Caribbean texts from transnational and multilingual perspectives The authors query what new systems and criteria can be implemented to rethink and remodel our theoretical and pedagogical corpus and alter the lenses through which we study Caribbean texts Pulling from the Caribbean's global diaspora the authors examine writers such as Roxane Gay Esmeralda Santiago Wilson Harris and Gloria Anzaldá in order to resituate the place of Caribbean texts in the classroom Each chapter argues for a reunification of Caribbean literature studies rather than studying this body of text only in terms of a certain aspect of its history or culture the authors necessitate the importance of analyzing these works from a pan Caribbean perspective This collection discusses the ideas of transcending individual disciplines and specialties to create global theories overcoming pedagogical challenges when bringing Caribbean texts into the classroom and re-reading texts with the purpose of discovering new symbols themes and meanings

**Tropical Apocalypse** Martin Munro, 2015-08-06 In Tropical Apocalypse Martin Munro argues that since the earliest days of European colonization Caribbean and especially Haitian history has been shaped by apocalyptic events so that the region has in effect been living for centuries in an end time without end By engaging with the contemporary apocalyptic turn in Caribbean studies and lived reality he not only provides important historical contextualization for a general understanding of apocalypse in the region but also offers an account of the state of Haitian society and culture in the decades before the 2010 earthquake Inherently interdisciplinary his work ranges widely through Caribbean and Haitian thought historiography political discourse literature film religion and ecocriticism in its exploration of whether culture in these various forms can shape the future of a country The author begins by situating the question of the Caribbean apocalypse in relation to broader global narratives of the apocalyptic present notably Slavoj Žižek's Living in the End Times Tracing the evolution of apocalyptic thought in Caribbean literature from Negritude up to the present he notes the changes from the early work of Aimé Césaire through an anti-apocalyptic period in which writers such as Frantz Fanon Antonio Benítez Rojo Édouard Glissant and Michael Dash have placed more emphasis on lived experience and the interrelatedness of cultures and societies to a contemporary stage in which versions of the apocalyptic reappear in the work of David Scott and Mark Anderson

**The Republic of "Hait-Me"** KP Barnabas, 2023-04-01 Less than three decades after the United Colonies declared independence from Britain and became the first independent nation in the Western Hemisphere known as The United States of America there was another declaration of independence resulting in the

formation of the first Black republic in the world and the second republic in the Western Hemisphere by way of the first and only successful self emancipating slave revolt making The Republic of Haiti the first independent nation in the Caribbean Instead of being respected and celebrated for these phenomenal firsts Haiti has been the subject of what appears to be a fervid grudge that has spanned two centuries and continues to this day When juxtaposing America s quest to break away from British colonialism against Haiti s quest to break away from French colonialism what could Haiti have possibly done different from America that merited perpetual ill treatment from the beginning of the 19th century to this very day Join me in examining the roots of Haiti s 200 year burden

**The Unfinished Revolution** Karen Salt,2019-02-04 In The Unfinished Revolution Salt examines post revolutionary and contemporary sovereignty in Haiti noting the many international responses to the arrival of a nation born from blood fire and revolution Using blackness as a lens Salt charts the impact of Haiti s sovereignty and its blackness in the Atlantic world

**Exiles, Travellers and Vagabonds** ,2016-10-20 Travel writing migrant writing exile writing expatriate writing and even the fictional travelling protagonists that emerge in literary works from around the globe have historically tended to depict mobility as a masculine phenomenon The presence of such genres in women s writing however poses a rich and unique body of work This volume examines the texts of Francophone women who have experienced or reflected upon the experience of transnational movement Due to the particularity of their relationship to home and the consequent impact of this on their experience of displacement the study of women s mobility opens up new questions in our understanding of the movement from place to place and in our broader understanding of colonial and postcolonial worlds Addressing the proximities and overlaps that exist between the experiences of women exiles migrants expatriates and travellers the collected essays in this book seek to challenge the usefulness relevance or validity of such terms for conceptualising today s complex patterns of transnational mobility and the gendered identities produced therein

**Nan Domi** Mimerose Beaubrun,2013-12-17 Offers an insider s account of Vodou s private mystical interior practice discussing the author s own initiation and education in the religion

Handbook of public health in natural disasters Ronald Ross Watson,Joseph A. Tabor,John E. Ehiri,Victor R. Preedy,2023-08-07 The combination of growing populations moving into large cities in high risk zones increase the risk of natural disasters with a substantial public health consequence A high population density and rapid air travel increase the spread and effects of plagues and diseases People in countries with limited resources are more vulnerable to death and other consequences of disasters This requires global rather than national preparedness and response strategies Public health organisations government and non government organisations can take a leadership role and provide training organisation and research knowledge to improve responses to such disasters This book is the first holistic public health approach in relation to natural disasters It fills the gap to have a one stop shopping synopsis of key ideas associated with mediation of public health natural disasters It is unique in focusing on lessons learned rather than what to do Published research relating to general responses by public health agencies to disasters is scientifically

evaluated Various types of disasters are reviewed flooding diseases earthquakes volcanoes and drought Long term needs prevention and individual preparation are taken into account The information can be used to prepare and mitigate effects of disasters The summary points at the start of each chapter will help the reader to use as this book as reference book and for educational purpose

*Connecting Histories* Bonnie Thomas,2017-04-27 The Francophone Caribbean boasts a trove of literary gems Distinguished by innovative elegant writing and thought provoking questions of history and identity this exciting body of work demands scholarly attention Its authors treat the traumatic legacies of shared and personal histories pervading Caribbean experience in striking ways delineating a path towards reconciliation and healing The creation of diverse personal narratives encompassing autobiography autofiction heavily autobiographical fiction travel writing and reflective essay remains characteristic of many Caribbean writers and offers poignant illustrations of the complex interchange between shared and personal pasts and how they affect individual lives Through their historically informed autobiography the authors in this study Maryse Condé Gisèle Pineau Patrick Chamoiseau Edwidge Danticat and Dany Laferrière offer compelling insights into confronting coming to terms with and reconciling their past The employment of personal narratives as the vehicle to carry out this investigation points to a tension evident in these writers reflections which constantly move between the collective and the personal As an inescapably complex network their past extends beyond the notion of a single private life These contemporary authors from Martinique Guadeloupe and Haiti intertwine their personal memories with reflections on the histories of their homelands and on the European and North American countries they adopt through choice or necessity They reveal a multitude of deep connections that illuminate distinct Francophone Caribbean experiences
