Piper, 2015-11-08 Along the U shaped table the subdued clatter of dinnerware and the buzz of conversation was dying out the soft music that drifted down from the overhead sound outlets seemed louder as the competing noises diminished The feast was drawing to a close and Dallona of Hadron fidgeted nervously with the stem of her wineglass as last moment doubts assailed her The old man at whose right she sat noticed and reached out to lay his hand on hers My dear you re worried he said softly You of all people shouldn t be you know The theory isn t complete she replied And I could wish for more positive verification I d hate to think I d got you into this Garnon of Roxor laughed No no he assured her I d decided upon this long before you announced the results of your experiments Ask Girzon he ll bear me out That s true the young man who sat at Garnon s left said leaning forward Father has meant to take this step for a long time He was waiting until after the election and then he decided to do it now to give you an opportunity to make experimental use of it The man on Dallona s right added his voice Like the others at the table he was of medium stature brown skinned and dark eyed with a wide mouth prominent cheekbones and a short square jaw Unlike the others he was armed with a knife and pistol on his belt and on the breast of his black tunic he wore a scarlet oval patch on which a pair of black wings with a tapering silver object between them had been superimposed **Educational Times** ,1908 **American Childhood** ,1939 Includes music mostly songs with piano accompaniment
