Equity-Based Career Development and Postsecondary Transitions Erik M. Hines, Laura Owen, 2022-03-01 Former First Lady Michelle Obama believes that every individual should have some type of postsecondary education or training beyond high school to achieve economic and personal success Reach Higher Initiative Better Make Room 2019 Educational attainment e g a high school diploma college degree or postsecondary training provides career opportunities for advancement into leadership positions and benefits such as health insurance and retirement Heckman 2000 Additionally an individual with a college degree can make over one million dollars more over a lifetime in salary than someone with a high school diploma Carnevale Cheah Hanson 2015 Acquiring a college degree can lead to employment opportunities and is considered an asset in the U S economy Washington 2010 However certain populations encounter barriers to attaining an education particularly a postsecondary education leading to a disparity in receiving the aforementioned benefits Some of these populations include African American students LGBTQ students and students with disabilities There is a dearth of information and research on providing guidance on implementation research and best practices in equity based career development college readiness and successful postsecondary transitions for minoritized at risk or vulnerable populations The editors of this volume invited authors with research and practice expertise around various student populations in preparing them for college and career readiness as well as postsecondary transitions This book is the first of its kind to discuss career development and postsecondary transitions from an access and equity perspective Further this text serves as a call to action to ensure the United States most vulnerable populations has an opportunity to successfully transition into multiple postsecondary options after high school

Teen Mental Health Len Sperry, 2022-09-27 This encyclopedia provides a concise introduction to the mental health topics of greatest concern to adolescents. It offers young readers the information they need to better understand mental disorders and the importance of psychological well-being. Addressing mental illness and prioritizing psychological well-being are important at any age, but the teen years present unique challenges. Hormonal changes, peer pressure, and the demands of school and a busy social life combined with many other factors put adolescents at high risk for mental health problems. Certain disorders such as depression and anxiety are particularly prevalent in this age group, as are risky behaviors like substance abuse, self-harm, and distracted driving. Today's teens also face uniquely modern threats to their psychological well-being such as Internet addiction and social media-induced fear of missing out (FOMO). Yet there are also ample opportunities for adolescents to strengthen their mental health and resiliency through such practices as meditation, activism, and youth leadership. *Teen Mental Health: An Encyclopedia of Issues and Solutions* is a ready reference guide to the mental health topics that most affect the lives of American teens in the 21st century. Entries are accessibly written and feature extensive cross-referencing and helpful further reading lists. This volume also offers a collection of recommended resources, including a number of hotlines for teens in crisis.

High-Achieving Latino Students Susan J. Paik, Stacy M. Kula, Jeremiah J. González, Verónica V. González, 2020-03-01 *High-Achieving Latino Students: Successful Pathways Toward College and Beyond* addresses a long-standing need for a book that focuses on the success, not failure, of Latino students. While much of the existing research works from a deficit lens, this book uses a strength-based approach to support Latino achievement. Bringing together researchers and practitioners, this unique book provides research-based recommendations from early to later school years on what works for supporting high achievement. Praise for *High-Achieving Latino Students*: This book focuses on an important issue about which we know little. There are many lessons here for both scholars and educators who believe that Latino students can succeed. I congratulate the authors for taking on this timely and significant topic. Guadalupe Valdés, Ph.D., Bonnie Katz Tenenbaum Professor in Education, Stanford University. Author of *Con Respeto: Bridging the Distances Between Culturally Diverse Families and Schools*. This is a must-read book for leaders in institutions of both K-12 and higher education who want to better understand success factors of Latino students in the US. Using a strength-based framework to understand and support Latino achievement is a new paradigm that must be considered by all. Loui Olivas, Ed.D., President, American Association of Hispanics in Higher Education. In addition to being the right book at the right time, these editors should be congratulated for giving us a stellar example of how a research-practice collaboration comes together to produce such a valuable and lasting contribution to the field of school reform and improvement. Those who work in schools, universities, think tanks, and policymaking centers have been waiting anxiously for this kind of book, and it's now here. Carl A. Cohn, Ed.D., Former Executive Director, California Collaborative for Educational Excellence, CA State Board of Education member and Superintendent. There may not be a silver bullet for solving the so-called problem of Latino underachievement, but well

conceived solutions do exist This powerful book offers strength and asset based frameworks that demonstrate Latino achievement is possible Read this text to not only get informed but to also get nurtured and inspired Angela Valenzuela Ph D Professor in Education University of Texas at Austin Author of Subtractive Schooling US Mexican Youth and the Politics of Caring
