

Multiplication

Grade Level: grade 5 Subject: math Learning Outcome: To be able to use the written column method of multiplication.	
Resources 1-100 chart – playing cards – popcorn box – math book – worksheet	
Preparation (what do you need to do/make before class?) Arrange the tables as the students will be sitting in groups. Key vocabulary/ Target Language Multiplication – 2 digit – 3 digit – 4 digit	
Whole Time: 10 min	Opening Recall multiplications quickly with the students. The teacher will choose any student randomly and ask a multiplication question for example 9×7 is what? Then tell the students about what they will do in this specific lesson "not in details but quickly" tell the students who will sit in which group.
Small Time: 25 min	Activity 1 Before giving each group the instruction the teacher will give them a small and quick worksheet to solve until they will get their instructions. In this activity, the students will work in groups: LA: from the 1-100 chart that they have on the table the students will choose a number with 2 digits and write it on the math book and then choose a 1-digit number and multiply them both to find the answer. Each student will solve at least 5 questions. If they finished they will get a multiplication worksheet and solve it. MA: students will have the playing cards in front of them and they must randomly take 3 cards and place it near each other to make a 3-digit number, then they will choose 1 card and the number will be the number that they will multiply it with the 3-digit to have the answer. Each student will solve at least 5 questions. If they finished they will get a multiplication worksheet and solve it. HA: students will have the popcorn box full with 4-digit multiplication questions and they will any paper randomly and solve it in the math book. Students will finish at least 5 questions. If they finished they will get a multiplication worksheet and solve it.
