National Defense Budgeting and Financial Management Philip J. Candreva, 2017-05-01

The U S Department of Defense accounts for over half of federal government discretionary spending and over 3% of GDP Half of all federal employees work for the Department The annual budget for the military not only provides for those salaries it covers the baseline and wartime operating expenses of the force and hundreds of billions of dollars of investment in new capabilities and technologies Given the materiality of the defense function and amount of resources it consumes the processes for budgeting for defense and managing the funds is important to understand This text provides a fully integrated view of defense budgeting It takes the position that defense budgeting is a specific instance of public budgeting and public budgeting is a specific instance of public policy In order to fully understand how the nation budgets for defense it first lays a theoretical and conceptual foundation for public policy and public budgeting That is followed by an assessment of the political and policy context for defense including the overarching federal budget process and role of Congress in setting defense policy Only then does the text explore the specifics of defense budgeting how by whom and why the budget is crafted Beyond the topic of budgeting formulating requesting and legitimating the request for funds the book tackles financial management topics Included are discussions of federal appropriations law funds management accounting requirements intragovernmental business transactions and contemporary topics of defense policy such as funding overseas contingency operations in an era of deficit control legislation This book is an appropriate reference for both students and practitioners of defense budgeting and financial management It would also be appropriate in a general public budgeting course Most public budgeting texts focus on state and municipal governments and there are few that address the federal system This book fills that gap and provides a specific example of federal budgeting
